

PLANE HOPS FOR ROME

YOUTH AND GIRL DIE IN ELLWOOD ROAD CRASH

BUSINESS CLUBS "SWEETHEART"

Evidently gentlemen no longer prefer blondes, for the National Association of American Business Clubs, meeting in Asheville, N. C., chose Miss Julia Bradham, bride of Rocky Mount, N. C., as "sweetheart" of the organization.

WILL SYMPATHIZES WITH MEN 'RIGHT', BUT NOT PRESIDENT

(Special To The News)
LOS ANGELES, July 8.—Today I read where a speech that Franklin D. Roosevelt had made had just about thrown him in the ring as the next Democratic candidate.

Now there is a fine man. In fact that is one of the characteristics of the Democratic party. That they have had some of the finest men as candidates that we have in this country and it's almost a shame that they are to be eternally handicapped by being "right", but never president.

But you can start now trying to dig up something and in three years you won't have found anything wrong with Franklin D. Roosevelt, outside of being a Democrat.

Yours,
WILL.

PA NEW OBSERVES

Residents of the city recall that the small station on West Washington street, now being used by the Pittsburgh and Lake Erie Railroad company as a passenger depot, was placed in use about 18 years ago as a temporary arrangement. The P. and L. E. passenger trains before that time came in to the East Side station. The Union station was destroyed by fire. The P. and L. E. switched to the West Side line and reopened an old abandoned station of the Erie to use temporarily until a new station could be erected. The temporary station has been in use ever since. Almost time for the railroad.

Officers Hunt For Fugitives

Two Men And Two Women
Aid Colored Man To
Escape Officer

PATROLMAN HAS
CAPTURED CAR

Intensive search today is being made for two white men, two white women and a colored man who engaged in a struggle with State Highway Patrolman McDermott on the New Castle-Youngstown highway Saturday night.

The party escaped but Patrolman McDermott got the colored man's automobile which is now garaged here. It may turn out, highway police believe that the car was stolen.

McDermott was riding the highway when he noticed an automobile run off the road. He investigated and found the driver, a colored man, had been drinking.

While he was questioning the colored man another car operating toward Youngstown which contained two white men and two white women stopped and they got out of the car. The four white persons and the colored man commenced struggling with McDermott and in the general mixup the colored man leaped into the other car and the entire party got away.

McDermott had a telephone call sent to the sheriff of Mahoning county, O., and a squad of deputy sheriffs started out to meet the car on the main highway but it turned off.

The state highway policeman had the colored man's automobile brought to New Castle and it is believed that the entire group will be rounded up by Pennsylvania and Ohio police.

Cleveland Mark May Be Passed

Plane in California Is Three
Quarters Of Way To New
Record

(International News Service)
CULVER CITY, Cal., July 8.—Well past the three-quarter mark in their attempt to lower the world's refueling endurance record, Lorean Mendell and R. B. "Pete" Reinhardt continued to soar over the airport here in their single-engine built air sedan "Angelino."

At 5 a. m. the two flyers had accumulated 14 1/2 hours of uninterrupted flying. If they succeeded in keeping aloft until 2:30 tomorrow afternoon, they will have surpassed the world's duration record, established Friday by two Cleveland flyers.

Car Overturns After Skidding Off Of Highway

Donald Johnston, Ellwood
And Miss Billie Johnson,
Beaver Falls, Killed

TWO OTHERS IN
CAR INJURED

Accident Occurs Half Mile
Beyond Lawrence County
Home, Sunday

Enroute to this city Sunday afternoon about two-thirty o'clock in a coupe, while a severe rainstorm was in progress, two persons were killed and two severely injured, when the car skidded to the right side of the New Castle-Ellwood City road, half a mile beyond the Lawrence County home and turned over in the ditch.

THE DEAD
Donald C. Johnston, 20, 404
Crescent avenue, Ellwood City,
Pa.

Miss Billie Johnson, 20, 1218
Seventh avenue, Beaver Falls, Pa.
THE INJURED
Miss Jean Johnston, aged 20,
Rochester, Pa. In Shenango Valley
hospital. Right arm fractured.
Injury of the head and other
minor injuries.

Raymond John, 303 Winter ave-
nue, New Castle, In Shenango
Valley hospital. Cut on head, in-
jury to left eye, other minor in-
juries and suffering from shock.
Assistance was close at hand and
it was but a short time until an am-
bulance and another car were con-
veying all the occupants of the wreck-
ed machine to the Shenango Valley
hospital, where it was determined
that Donald C. Johnston and Miss
Billie Johnson had been killed out-
right, while the injured persons were
admitted for treatment.

Injured Should Recover
Miss Jean Johnston of Rochester,
was found to have sustained a frac-
ture of the right arm, cuts on the

Theatre Fire At Uniontown

Stage And Properties Are
Destroyed With Loss
Of \$30,000

INCENDIARISM
BEING PROBED

(International News Service)
UNIONTOWN, Pa., July 8.—Fire today destroyed the stage and prop-
erties of the Dixie theater here with an
estimated loss of \$30,000. Cause of the
blaze has not been determined and
police and firemen are investigating
rumors of incendiarism.

The flames were confined to the
stage and the rear of the building by
the asbestos curtain which checked
their spread to the front of the the-
ater. Les Spohler, burlesque producer
of Baltimore, and 20 chorus girls suf-
fered the heaviest loss when all scen-
ery and music of the company's ward-
robe were destroyed.

Police said that three men had been
loitering near the building prior to the
discovery of the blaze and it was be-
lieved that this caused report of in-
cendiarism. The theater was leased
by the Penn State Amusement com-
pany, the building being owned by
Jacob Davis of this city.

DEATH RECORD

Henry Miller Good, 58, "Glad Ha-
ven", Enon Valley.
Donald C. Johnston, 20, 204 Cres-
cent avenue, Ellwood City.
Miss Billie Johnson, 20, 1218 Se-
venth avenue, Beaver Falls.
Erick Hill, 57, 1110 1-2 Williams
street.
Mrs. Jennie Armstrong, 68, Hamil-
ton Apartments, North Mill street.
Mike Valloch, 36, Bessemer.
John P. Montgomery, 58, 709 Car-
rington street.
Sarah Louise Fulkerson, one month,
Ellis Way.
Viola May Miller, four, 413 Wood
street.

Provisions On Big Plane

(International News Service)
OLD ORCHARD BEACH,
Maine, July 8.—Here is a list of
the provisions on board the
America - to - Rome airplane
Pathfinder:
Eight oranges, four apples,
one roast chicken, three ther-
mos bottles of coffee having
one quart each, three quart
water, a half dozen chocolate
bars and one quart of whiskey,
the latter for use in case of
emergency.

Newspaper friends of Philip
Payne, New York newspaper
editor who lost his life in the
flight to Rome of the airplane
Old Glory, put aboard a hand-
some wreath, which Williams
and Yancey promised to drop
over the sea grave of Old Glory.

H. M. Good Dies Suddenly Here

Former Postmaster Expires
On Sunday At Wheel
Of His Auto

DEATH IS SHOCK
TO ENTIRE COUNTY

H. M. GOOD

Henry Miller Good, aged 58, former
postmaster of this city, more recently
known through his work as a hor-
ticulturist, at "Glad Haven", Enon Val-
ley, this county, one of the county's
most widely known and highly re-
spected residents, passed away, sud-
denly and unexpectedly Sunday at
the wheel of his automobile, while on
a visit in this city.

His death occurred near the Felix
Delmez home, opposite Oak Park
cemetery, about eleven o'clock Sun-
day morning. He and Mrs. Good had
just completed an inspection of the
floral arrangements at the Delmez prop-
erty. Mr. Good going ahead to turn the
car, while Mrs. Good, conversing with
Mrs. Delmez walked out to get into
the car when turned.

Expires Suddenly
The car had been turned and Mrs.
Good had just seated herself in it,
when suddenly without a word, Mr.
Good dropped ahead to turn the
car, while Mrs. Good, conversing with
Mrs. Delmez walked out to get into
the car when turned.

This sudden and unexpected death
of Mr. Good, who has long been be-
fore the public in this city and coun-
ty, comes as a shock to the many
friends, to whom and by whom he

Minimum temperature, 60.
Precipitation, .44 inches.
River stage, 6.4 feet and stationary.
Statistics for the 24-hour period
ending at 9 o'clock Sunday morning
are as follows:
Maximum temperature, 68.
Minimum temperature, 59.
Precipitation, .14 inches.
River stage, 6.3 feet.

Three Fold Probe Now Under Way Of Crash At Sea

Coast Guard Patrol Boat And
Passenger Liner
Collide

ALL PASSENGERS
ON LINER RESCUED

By HERBERT CARYL,
International News Service Staff
Correspondent
BOSTON, July 8.—A three-
fold investigation was launched
today into the Sabbath morning
sea crash in a dense fog 75 miles
off Boston light between the
Coast Guard patrol boat Agassiz
and the Nova Scotia passenger
liner Prince George, whose 249
passengers were saved by masterly
seamanship on the part of both
crews.

One inquiry was ordered by the
New England division headquarters
of the coast guard service. A second
probe was launched by officials of
the Eastern Ship Lines, operators of
the Prince George and another gen-
eral investigation was set in motion by
the United States steamship inspec-
tion service.

Question Raised.

President Eugene E. O'Donnell of the
steamship company raised the ques-
tion of whether the coastguardman
was sounding her fog horn at the
time of the collision. The Prince
George was blowing her siren he said
was on her regular course and pro-
ceeding at a moderate rate of speed.
Coast guard officials were reluctant
in discussing the mooted points until
the official probe are under way.

Seaman Ollie Hauser who was at
the wheel of the Agassiz when the
probe of the coast guardman per-
sisted in continuing a pace that had
been tearing a jagged hole above and
below the water line was still confined to
the naval hospital at Chelsea today with
an injured leg. Bowdoin E. R. John-
son cut over the eye was released
by physicians at Charlestown navy
yard. Mrs. Seretha Nickerson of
Greenwich Conn. the only passenger
aboard the Prince George to suffer
injury was at her home not seriously
hurt but nursing a scalp wound sus-
tained when struck by a weight line.

The 248 other passengers of the
liner who included 75 children were
also at their homes, thanking their
lucky stars that they had been
snatched from death by brave sea-
manship aided by a calm sea.

King George Not Fully Recovered

Thanksgiving Ceremony Over
His Recovery Occurs
On Sunday

(International News Service)
LONDON, July 8.—Within 24 hours
after the thanksgiving service in
Westminster Abbey for King George's
recovery from his long and dangerous
illness it was officially revealed today
that the monarch is not yet in perfect
health. The sinus in the right chest,
where an abscess had developed, has
never entirely healed.

King George's trip to Sandringham
Castle, which was to have started at
noon today, was postponed upon the
advice of the royal physicians.

An official medical bulletin was is-
sued at Buckingham Palace at noon
saying that the sinus in the right
chest has not made satisfactory pro-
gress. It follows:

"The king was not fatigued by the
ceremony of the thanksgiving service.
Though His Majesty's general health
is good, the condition of the sinus in
the right chest has not made satisfac-
tory progress. In order to gain the
assistance of further X-ray examina-
tion His Majesty's departure for San-
dringham Castle has been postponed
for a short period."

This bulletin was signed by Sir
Stanley Hewitt, H. L. Murlin, Sir
Hugh Rigby and Lord Dawson of
Penn.

NESHANNOCK AVENUE BOY IS INJURED

John Earl, aged 7, of 327 Neshan-
nock avenue, sustained severe bruises
of the right leg below the knee this
morning when he was struck by the
automobile of Harry Houslin, 78, D.
No. 5, as he was running across Nes-
hannock avenue at Ellis way. He
was removed to the Shenango Valley
hospital, where he will remain for
several days owing to the nature of
his injury. Mr. Houslin was going
east on Neshannock avenue at the
time and was unable to avoid hitting
the boy.

OFF ON ROME FLIGHT

American plane Pathfinder, below and above its crew, Captain Lewis A. Yancey, left, and Roger Q. Williams.

Bankers At Sea On Amount Of New Currency Coming

Federal Reserve Statement
On Allotment To Be Dis-
tributed Is Con-
fusing

Expect About \$25,000 Will Be
Received For Initial
Distribution Here

New Castle bankers are all at sea
as to the amount of new currency
which will be received for distribution
on Wednesday, when the first allot-
ment of the new small-sized bills will
be sent them to be put in circula-
tion.

Conservative estimates, however,
place the amount which will be received
by all local banks at around \$25-
30,000.

According to statements which
were sent to the local banks by the
Federal Reserve Bank of Cleveland, of
which the local banks are members,
one-tenth of one per cent of their
deposits will be issued monthly, until
the supply printed will enable the
treasury department to issue larger
amounts.

Accordingly, if a bank had deposits
of ten million dollars, they would re-
ceive \$10,000 in new currency each
month. This sum is to be appropri-
ated in weekly allotments, not to ex-
ceed \$3,000 of any one denomination.
If member banks do not want to take
their full allotment of any one de-
nomination, they will not be privileged
to receive more of another denomi-
nation. "Thus if they did not want
the \$3,000 in two dollar bills, they
could not take \$1,000 in one dollar
bills instead."

Some Confusion
Where the confusion exists in the
minds of the local bankers, however,
is whether they will receive their full
(Continued On Page Two)

Eight Are Killed Over Week End

Auto Mishaps In State Take
Toll Of Seven Lives
—Many Injured

(International News Service)
AT LEAST eight persons were killed
and 56 injured in accidents over the
week-end, a survey conducted by In-
ternational News Service revealed to-
day. Automobile accidents took the
heaviest toll, killing at least seven
persons and injuring some 50 others.

New Castle had the largest toll,
with two persons perishing when the
automobile in which they were riding
overturned on the Ellwood City road.

Twenty-three persons were injured
in Pittsburgh and vicinity in a series
of automobile crashes, while in the
Philadelphia district two were killed
and about 15 were injured. Tolls
from other crashes were scattered
over widely separated districts of the
state. At Chambersburg a boy was
killed when he fell from a roller coast-
er at Maple View Park.

Toll in Cities
Following is a list of dead and in-
jured record by cities:
Harrisburg—Woman killed, three

Terrific Storm Does Damage In Erie District

(International News Service)
ERIE, Pa., July 8.—Several thou-
sand dollars damage was caused here
by a terrific rain and wind storm
that accompanied an electrical dis-
play last night resulting in the de-
struction of a barn when lightning
struck it.

Awning were whipped from their
fastenings, windows were blown out
and several buildings were unroofed
by the gale which reached a maxi-
mum velocity of 50 miles an hour.
Streets in several sections of the
city were flooded when the drains
were unable to carry off the downpour
with sufficient speed.

Pathfinder Off On Long Flight; Heads For Rome

Pair Of American Flyers Start
Long Projected Flight
This Morning

NON-STOP FLIGHT
TO ROME IS PLAN

Flight Is Longest Non-Stop
Trip Ever To Be At-
tempted In Air

By GENE KOWNSKE
International News Service Staff
Correspondent

OLD ORCHARD BEACH,
Maine, July 8.—Undaunted by a
series of accidents and de-
lays, two courageous Ameri-
can aviators today started on a
non-stop 4,800 mile flight to
Rome.

Pilot Roger Q. Williams and Cap-
tain Lewis A. Yancey, both of
this beach, set out today at
1:45 a. m. Eastern Daylight Time,
in the Bellanca monoplane Path-
finder, bound to the Eternal City on
the most ambitious trans-Atlantic air
voyage in the history of aviation.

Longest Hop Attempt
It was the longest attempted trans-
Atlantic hop on record. The Ameri-
cans planned to be in Rome within
ninety hours.

Balked for nearly two hours today
by thick banks of fog the Pathfinder
finally ran down the beach to the
cheers and shouts of 2,500 persons
and after reaching a point approxi-
mately one mile and a quarter from
the starting point gave the banner
of Captain Harry Jones, swept off the
starry sand.

Climbing to 250 feet, the Pathfinder
marked over the promised path, which
was crowded with spectators.
The Pathfinder continued in a
southerly direction for several min-
utes and then made a wide circle.
The fog obscured the vision of
those on the beach but they could

Believe Berlin Bound Plane Is Again Delayed

Conflicting Reports Concerning
Progress Of "Untin" Bowler
On Flight

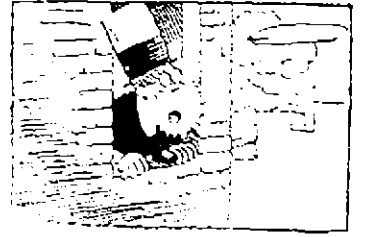

(International News Service)
CHICAGO, July 8.—Storms and
poor flying weather were believed
here today to have thwarted efforts
of the Chicago-Berlin plane, "Un-
tin" Bowler, to hop off from Great
White near to Port Burwell, Great
Britain.

Conflicting reports have been re-
ceived here concerning the plane's
progress. One report suggested the
plane had popped off. This original
report from the constant radio signals
sent out by the bowler while it was
in motion and received at a local sta-
tion.

Another report from Mount Evans,
Greenland, via radio, stated the plane
was still moored in the river near the
lower tip of Hudson's bay.

No direct word from the pilots,
Parkor Craner and Robert Gas, had
been received here today.

Arthur Mometer

These good old days they sure
about were rather warm, I just
and then you doubt they were
considered to be hot. But now I rise
and say a word, I thought that comes
to me, this weather sure must be all
at us, it's warm enough for me. Per-
haps in days that are to come I can
tell you a some of days like these,
it's mighty bright and sunny and
strong. But as it is, it suits me quite,
these days of lengthy sun, it is the
ideal kind of days, the ones that take

No Birthday Interview By Rockefeller

By JAMES L. KILGALLIN
International News Service Staff
Correspondent
TARRYTOWN, N. Y., July 7.—The barred gates of the Rockefeller estate, John D. Rockefeller Jr., refused to open today for an interview by the International News Service staff.

Mr. Rockefeller, who is 67 years old, is expected to be in "perfect health" and "full of hope and cheer for the future."

"I have every reason to be grateful for my birthday," he is reported to have said. "Every day has been so kind and good to me all the year. With perfect health and full of hope and cheer for the future, I have nothing but kindness and good will for everybody."

Mr. Rockefeller retired early last night, as usual, having passed a quiet Sunday. His evident intention of attending church services in Tarrytown was frustrated by a group of newspaper reporters and photographers at Union Chapel. Several times the Rockefeller chauffeur drove past the church, but John D. did not alight, as had been expected.

Mr. Rockefeller, who never consults a clock or watch before retiring or getting up in the morning, rose early today and prepared to do just about what he does on other days. His schedule was to be about like this: Up at 7 a. m., with a valet to bathe and dress him. Breakfast at 7:30. Has his secretary read him the latest news at 8:15. A round of golf beginning promptly at 9. Rest from 11:30 to 12:30. Lunch at 1 p. m. and an hour's nap at 2 p. m. At 3 p. m. he was to take an automobile ride over the roads running in and around his 1,800-acre Pocantico Hills estate. Six p. m. secretary reads evening papers to him. Family birthday party at 7:30 p. m. with ninety candles on the birthday cake. Sleepy rest after the party. And so to bed—about 9:30 p. m.

Mr. Rockefeller has been in fine health for the last twenty years. When he was seventy he suffered from stomach trouble, but dieting and relaxation restored him to his normal vigor. He was born on July 8, 1869, at Richmond, N. Y., son of a farmer-doctor of moderate means. He amassed a tremendous fortune in oil—he was once rated the richest man in the world—and has given away more than \$500,000,000 to worthy causes.

WHERE TO GO TONIGHT

HOME—Zane Grey's "The Water Hole," with Jack Holt. Comedy. 12:15 and 8:15.

STATE—The "Mystery of the Tower," with John C. Fox. Mystery picture.

PLANS—The "Mystery of the Tower," with John C. Fox. Mystery picture.

CAPITOL—Richard Dix in "Nothing But the Truth," all talking. Added attractions: "Talking Collegians" and Eddie Cantor in "Mid-Night Frolic."

REGENT—"Fanny Bragage," with Audrey Ferris and Myrna Loy. Comedy. Toots and Casper in "Spare Ribs Reforms." Late news reel.

PA NEW OBSERVES

(Continued From Page One)

to replace this inadequate station Pa News believes.

There are too many reckless drivers in New Castle. Pa News noted a considerable number that came out onto main highways in the city yesterday from side streets without due regard for safety. They apparently believed that they had the right of way and about the time they got the hay stuck out from the last car, another follows in its wake. The weather has been fine for growing crops, however.

And those signs for the West Washington street detour? An arrow or some other marking is needed for East street, Smithfield street and some indication should be placed at the corner of Atlantic and Erie.

From the motor club we learn that a great number of Americans now take their cars to Europe with them. One must buy plates, however, in every country with the exception of Italy which permits the use of the United States plates.

Week-end drivers report to the department that sectional rains occurred all through the region Saturday and Sunday. Drivers report driving through as many as half a dozen different rains during the day.

Man asks Pa News to see what can be done about the big deep holes in North Beaver street between Washington and North. They are deep holes in the brick and a tire could easily come to grief there.

Summer school students at the Slippery Rock Teachers College make good use of the spacious campus during warm afternoons. Sunday afternoon, a large number were seated on benches and on the grass under the big trees enjoying the shade.

A nice drive for the family is to go to Slippery Rock, thence to Berkeleyville, turn to the right, drive to Emmenton, then up over the hill to the Clarion road, turn left back to Franklinton, up over the hill to Elk, over to Sandy Lake, Mercer and home. The Emmenton district is especially beautiful but be prepared for a hill that is a hill.

Whether the boys are under the impression that it is against the law or whether every one has a car is not known—but there is a paucity of hitch hikers on the roads at the present time.

This morning there was quite an aggregation of boys with equipment gathered about the Greer building. It was a band of Boy Scouts leaving for camp.

A gun dealer tells Pa News that the old sport of shooting target and hunting is going at an extraordinary rate of speed, when the machine gun, jungle and hunted and shot at the bulls.

eye quite a bit just for sport. Now they sport in cars and the guns stay on the racks.

In the alley down by the Y. M. C. A. one can hear a din of many voices. No cause for alarm. It's just the boys in the Y pool and their voices can be heard through the brick walls to the street.

Funeral death of former Postmaster H. M. Good yesterday is one that occasions widespread regret in this community. Mr. Good by his genial disposition, his willingness to be of service and his friendly spirit, had endeared himself to hundreds throughout Lawrence county, and his death leaves a vacancy in the community that will indeed be difficult to fill. Pa News does not believe anybody in the county had more friends than Mr. Good.

Yesterday's thunder storms seemed to have avoided the weather observing station at the New Castle Water Works, as the rain gauge only showed a precipitation of .44 inches, while a considerable more than that is believed to have fallen here in the city. Observer B. P. Johnson states that the storm did not seem to be so severe near the water works last evening.

The waters of the Shenango river are continuing to rise, due to the heavy rains of the past few days. During Sunday the river stage dropped three-tenths of an inch, and then rose four-tenths later in the day.

U. S. treasury officials warn against possible counterfeiting of the new bills which will be issued to the public on Wednesday. The first issue of the bills will undoubtedly be quickly gathered up by souvenir hunters who will hold them until they become more plentiful. People are warned to be careful in accepting these bills from strangers, especially if a premium is demanded for them.

Farmers who are busy putting up their hay are not so pleased with the variety of weather that has been dished out for the last few days. Just about the time they get the hay stuck out from the last car, another follows in its wake. The weather has been fine for growing crops, however.

Orders of the city council that the municipal tennis courts on Boyles field should not be used on Sunday were obeyed yesterday. The courts were deserted all day long.

There were few church services in New Castle last night. Most of all the churches have abandoned the evening services until September.

In a two hundred mile jaunt over the week-end, Pa News observed things too numerous to mention. One thing that impressed was that about 50 per cent of the traffic all were tourists of some sort. At least the luggage on the cars indicated it.

Summer school students at the Slippery Rock Teachers College make good use of the spacious campus during warm afternoons. Sunday afternoon, a large number were seated on benches and on the grass under the big trees enjoying the shade.

A nice drive for the family is to go to Slippery Rock, thence to Berkeleyville, turn to the right, drive to Emmenton, then up over the hill to the Clarion road, turn left back to Franklinton, up over the hill to Elk, over to Sandy Lake, Mercer and home. The Emmenton district is especially beautiful but be prepared for a hill that is a hill.

Whether the boys are under the impression that it is against the law or whether every one has a car is not known—but there is a paucity of hitch hikers on the roads at the present time.

This morning there was quite an aggregation of boys with equipment gathered about the Greer building. It was a band of Boy Scouts leaving for camp.

A gun dealer tells Pa News that the old sport of shooting target and hunting is going at an extraordinary rate of speed, when the machine gun, jungle and hunted and shot at the bulls.

That was the last memory of the affair that he had.

Indications are that Donald C. Johnston applied the brakes, which caused the car to skid on the wet pavement.

As near as can be determined, the car in skidding, turned around in the opposite direction from that in which it had been going and turned up the side of the road into the ditch at the right side of the road. The car was completely wrecked.

The bodies of the victims were removed to the Book and Leyde Mortuary and later to their respective homes, as the members of their families were apprised of the accident and hurried to this city.

According to Coroner J. P. Caldwell, Donald C. Johnston died as a result of concussion of the brain and internal injuries sustained in the accident of Sunday afternoon. Miss Billie Johnston of Beaver Falls, the other victim of the accident, died as a result of a hemorrhage of the brain caused by a fracture of the skull.

Donald C. Johnston, victim of the crash Sunday afternoon, is the son of Mr. and Mrs. C. T. Johnston of Crestview, Ellwood City. He graduated from the Ellwood high school, and was well known for his athletic prowess, on the football field and basketball floor. For one season he was life guard at the Shelby pool, and was a prominent member of the Champion ball team of the Shelby Inter-Departmental league last winter.

He is survived by his parents and one sister, Miss Virginia Johnston.

Miss Jean Johnston, who was injured in the crash, is a former resident of Ellwood City, and sister of Freddie Johnston.

H. M. GOOD DIES SUDDENLY HERE

(Continued From Page One)

was "Harry" Good. His death causes a vacancy in the group of outstanding citizens of Lawrence county that will be hard to fill. His ever genial disposition made him a remarkable citizen.

Mr. Good was born at Irwin, Pa., July 13, 1870, the son of B. F. and Harriet M. Good. He came to this city as a boy of eleven years of age and resided here the balance of his life with the exception of the past six years, during which he has been engaged in the propagation of new and old types of flowers in which he had been eminently successful, at Enon Valley.

He had been married twenty-one years, his wife Elva Nye, surviving him. He was a member of the Presbyterian church.

Served As Postmaster

Mr. Good was active for many years in the political affairs of the city and county, being a member of the Democratic party. It was eminently fitting that his activities within the ranks of that party should be recognized when President Woodrow Wilson was elected and he served two terms as postmaster of New Castle by appointment of President Wilson, his last appointment being expiring on June 30, 1929.

His continuing for nearly two years after the election of President Harding.

During the last part of his service as postmaster, he became interested in the propagation of gladioli. "Glad Haven" at Enon Valley was purchased and established and his activities as a horticulturist carried on in spare time.

When his term of service was ended, he moved to Glad Haven, where he had resided ever since. His activity in flowers became greater as the years passed and at the time of his death, he was known far and wide throughout the entire county as the grower of some of the finest flowers and flowering plants in the country.

The suddenness of his death is better realized when it is known that he had not been sick or confined of any kind earlier in the day or at any time recently and was apparently in his usual good health.

He leaves his wife, Mrs. Elva Nye Good; one sister, Mrs. J. A. Strawl; and a nephew, John H. Strawl, both of Pittsburgh.

Funeral services will be held Tuesday, July 9, at 2 p. m. daylight saving time from the residence at Glad Haven, Enon Valley, Pa. Interment will be made in Enon Valley, Pa.

CAR OVERTURNS AFTER SKIDDING OFF HIGHWAY

(Continued From Page One)

head and other bruises and cuts of a minor character. Mr. John of this city suffered considerably from the shock, severe cut above the left temple, injuries of the left eye and other bruises and cuts of a minor character. Both should recover.

Coroner J. P. Caldwell made a thorough investigation following the accident and found that the deaths were accidental.

The statement of Raymond John, apparently the least hurt of the entire group is to the effect that he had met Donald C. Johnston in Beaver Falls Sunday afternoon. They secured the two young ladies in that place and then started for New Castle.

Four In One Seat

All four were in the seat of the coupe, which was being driven by Donald C. Johnston. As they reached this hill about half a mile from the Lawrence county home, they found themselves in the midst of a severe rainstorm, which made it hard to see just where they were going.

They were probably half way down the hill, proceeding at an ordinary rate of speed, when the machine skidded to the right side of the road.

Deaths of the Day

Mike Yallock.—aged 36 years of Bessemer, died in the hospital at Harrisburg, Pa., Saturday, July 6, after an extended illness.

He is survived by one brother, J. N. Yallock of Bessemer. Funeral services will be held Tuesday, July 9, at 9 a. m. from St. Anthony's church. Burial will be made in St. Anthony's cemetery.

John P. Montgomery.—aged 53 of 709 Carlisle street, died at the Shenango Valley hospital Sunday afternoon after an illness. Mr. Montgomery was born in East Brady, Pa., in 1871, the son of R. B. and May Simpson Montgomery. He had been a resident of this city for the past 27 years and was well and favorably known. He was a bronze worker by trade.

He is survived by his wife Edith Montgomery and two step-children, Harry Reese and Mrs. W. B. Clark also three brothers Charles of Butler, Harry and Robert Montgomery of East Brady, Pa.

Funeral services will be held Tuesday, July 9, 1929 at 2:30 p. m. from the late residence 709 Carlisle street with Rev. P. C. Pearson in charge. Interment will be made in Oak Park cemetery.

George W. Menough.—aged 71 years grandfather of George and Dale Cowan of Holton street, this city, died Sunday at his home in East Liverpool, O.

Mr. Menough attended the funeral services for Mrs. Dale Cowan in New Castle on June 22.

Besides his wife he leaves the following children: George, Garnet, Gilbert, Miss John Cowler and Oliver Menough. George and Dale Cowan of this city have left to attend the services.

Sarah Louise Fulkerson.—daughter of Mr. and Mrs. Charles Fulkerson of Ellis Way, died Sunday morning after a brief illness. She was one month and two days old. She is survived by her parents and the following brothers and sisters: Mrs. R. B. Vernon of this city and Daniel, Albert, Alfred, Raymond and Anna May. Funeral services were held this morning at 10 o'clock. Interment was made in St. Mary's cemetery.

Mr. Wild's Funeral.—Funeral services of the late Eramus Wild were held Saturday afternoon at 1:30 o'clock at the Office Funeral home, 211 North Market street, with Rev. A. M. Stump in charge. The pallbearers were relatives. Interment was made in Zelienople, Pa.

Viola May Miller.—aged 104, died this morning at nine o'clock at the home of her grandmother, Mrs. Mattie Lightner 413 Wood street, of diphtheria.

This is the second death by this disease in the Miller family in the past three days, a brother, Norman Leroy Miller, having died at the same place on last Friday, July 5, 1929. The funeral of the latter was held Saturday afternoon, July 6, at four p. m. and was private. Interment was made in Greenwood cemetery.

The deceased boy and girl were the children of Frank and Hazel Headland Miller of Buffalo, N. Y., and they, their parents and three other children of the family arrived here from Buffalo, N. Y., Saturday, June 29, and were stricken with the disease since arriving here. The mother has also had the disease since coming here.

The little girl was born May 1, 1925, at East Liverpool, O. Funeral services will be private and will be held from the residence of the grandmother, Mrs. Mattie Lightner, 413 Wood street, Tuesday, July 9, at four p. m. Interment will be made in Greenwood cemetery.

Mrs. Jennie Armstrong.—aged 80 years, of the Hamilton apartments, North Mill street, died Friday, July 5, at the home of her brother, S. A. Davidson of Sateuma, Fla. After an illness of some time, word to friends came that she was near death.

Mrs. Armstrong left this city to spend the winter in Florida for the benefit of her health. She had been a resident of New Castle for a number of years and was a member of the First U. P. church. She possessed an unusually sweet, patient and sympathetic personality and was sustained throughout her entire life by an unflinching Christian faith.

Mrs. Armstrong is survived by one daughter, Miss Eleanor Armstrong, and one son, Dr. J. D. Armstrong, both of this city, and one brother, S. A. Davidson of Sateuma, Fla.

The body will be brought to this city where funeral services will be conducted from the family residence.

Brennard Funeral.—Funeral services for John Brennard of Struthers, O., occurred Sunday afternoon at 2 o'clock in the Davidson funeral home at Lowellville.

Until a year ago the boy had lived near Mt. Jackson.

Erick Hill.—aged 57 years, of 1110 1/2 Williams street, died Monday morning at 2 o'clock in the Shenango Valley hospital after an illness of two weeks.

Mr. Hill is survived by the following children: Sue, John and Ernest at home, Mrs. Leonard Smith of Charleston, Pa., and Mrs. William Hood of Muskogee, Okla.

Funeral services will be conducted Tuesday, July 9, at 2 p. m. from the family home. Burial will be made in Oak Park cemetery.

BANKERS AT SEA ON AMOUNT OF NEW CURRENCY COMING

(Continued From Page One)

monthly allotment in the first shipment, or whether they will receive only one-fourth of this amount.

It is estimated that the amount of money on deposit in local banks in time deposits, demand deposits, and money due the banks, would total around \$25,000,000. If each bank were to receive one-tenth of one percent of this sum, it would total around \$25,000. If they were to receive only their weekly allotment, initially, then the amount of new money to be received will be only a little more than \$5,000.

None of the local bank officials had received any intimation this morning, as to when the money would be received by them, or the amount, and they are waiting patiently to learn this. All banks have asked for the full amount due them.

The first allotment will be sent out in denominations of one, two, five, ten, and twenty dollar bills.

On July 15th, National bank notes of the new size will be distributed to the various national banks of the country, and only a small amount of the floating currency issued in the different National banks' names will probably be issued at this time. Officials of the local National banks state:

LIGHTNING FIRES LARGE OIL TANK

(Continued From Page One)

on them. The plant of the company, including pump house and boiler house, North County Park, and a large number of houses on Pine creek, also seemed safe.

The lightning struck during a heavy rain and electrical discharge last night. As the flames burst from the tank employees attempted to open the valves and drain the tank. But a "boom" at the top of the tank, used to aid in draining, had been knocked off by the lightning and had fallen into the tank and clogged the drains.

A fire bank was hastily constructed about the tank to prevent a river of searing fire from reaching the other tanks, should the one after burst from the head. No explosion was feared and the fire was kept under control and spread unless the pipes buckled.

A special chemical squad from Oil Creek, Pa., arrived at the scene.

EIGHT ARE KILLED OVER WEEK END

STAR LORE
JUST VISIBLE WITHOUT A TELESCOPE

By Arthur DeV. Carpenter.

High over head, in July evenings, is the constellation Hercules, located just to the southwest of the bright star Vega. In Hercules are four stars forming the "Square of Hercules." In this square, at its upper vertex, one-third the way down from the upper star, is the Globular (globe) Cluster of Hercules, so famous for its aggregation of more than 50,000 stars. The cluster may be seen with unaided eye as a faint patch of fuzzy light. The cluster radiates 300,000 times as much light as the sun. It is 11,000 parsecs distant. A parsec is 3.258 light years. COUPLE WED AT HOME CEREMONY

PARTY CELEBRATES SEVENTH BIRTHDAY

The home of Mr. and Mrs. Howard Manning Kirk, 403 E. Moody avenue, was the scene of a lovely wedding, Saturday at 5 o'clock, when their daughter, Dr. Elizabeth Kirk, became the bride of Dr. Edward Rose of Philadelphia, Pa.

Garden flowers in blending tones were used effectively throughout in decoration.

Rev. Walter E. McClure, pastor of the First Presbyterian Church officiated with the rite ceremony, in the presence of the immediate family and a few friends.

Mrs. Paul Brown Patterson, played the wedding march accompanied by Mrs. Fred S. Emery on the violin.

The ceremony was marked with simplicity. The bride was dressed in white satin and her hair was caught with a band of pearls. She carried her mother's wedding handkerchief of lace and her bridal shower was of roses, snapdragons, and lilies of the valley.

Mrs. Norman L. Blackmore of Pittsburgh as matron of honor, wore a gown of peach lace, and carried a dresden bouquet.

Dr. James E. Gortell of Philadelphia served as best man, and the ushers were Leander R. Kirk, Howard M. Kirk Jr., and William H. Kirk, all brothers of the bride.

A number of guests attended the reception following the ceremony. The bride's table was set on the veranda of the home while the other guests were served on the lawn.

One of town guests were Mr. and Mrs. Edward Rose of Philadelphia, Dr. and Mrs. J. C. Blackmore, Miss Virginia Blackmore, and David Keist of Pittsburgh, Miss Helen K. Bell of Franklin, Mrs. R. M. Mahon, and Miss Grace Mahon of Stouenville, O. Mr. and Mrs. L. M. Raney and Leander Raney 3rd of Bridgeport, Conn., Miss Peggy Parker, Elizabethtown, N. Y., Mr. and Mrs. Thomas Lacey, Jr., Kirk Lacey and Thomas Lacey, 3rd of Jenkintown, Pa., Mr. and Mrs. S. P. Friedman of Harrisburg, Pa., Dr. and Mrs. W. H. White of Philadelphia, Dr. George Corman of Lancaster, Pa., Mr. and Mrs. P. Reed of Beaver, Pa., Mr. and Mrs. Ledley Miller, and Miss Belle Jacobs of Youngstown, O., Mrs. Charles Sankey, and Mrs. Walter Crawford of Cleveland, O., Mrs. James Thompson of Alliance, O., Mr. and Mrs. Victor Jevon of Chicago, Ill., Miss Mary Elizabeth Crawford of Cleveland, O., Mr. Chew of Philadelphia, Miss Martha Richardson and Mr. and Mrs. Dunham Barton of Mercer, Pa., Mr. and Mrs. Millard Greer of Crafton, Pa., Miss Elizabeth Smith of Philadelphia, Mr. and Mrs. Julian Gordon of Massillon, O., and John Wilson of New York City.

Honoring the seventh birthday of their son Billy, Mr. and Mrs. William Glitch, Cumberland avenue, entertained a number of little guests in their home Saturday afternoon. The hours from 2 until 5 o'clock, were spent with games and music, and prizes were won by Mary Louise Hollibaugh and Bill Reed.

The hostess served dainty refreshments, assisted by Mrs. William Young, Mrs. Robert Newell, and Mrs. Carl Hollibaugh.

Many gifts were received by the guest of honor.

Those present were Ruth Chapman, Marjory Walker, Mary Louise Hollibaugh, Marian Jean Hogan, Levenia Mae Thomas, Jane Louise Newell, Mary Jane McGary, Justine and Sally Lou Morrow, Georgine Mannick, Helen Kelly, Jean Snyder, Bill Reed, Bobby and Billy Hanger, Bobby Edmunds, Billy Vozan, Jackie Morrow, Jimmie Hollibaugh, Donald Glitch, and the guest of honor.

ATTRACTIVE LUNCHEON HONORS BRIDE-ELECT

Miss Betty Houston, Park avenue, entertained at a prettily appointed 1 o'clock luncheon, in her home Saturday, to honor her cousin, Miss Edith Sankey whose engagement was recently announced.

Covers were laid for 12, and rose buds, carried out the color scheme of pink and white. The hostess was assisted in serving by her mother, Mrs. Samuel Houston, and Mrs. Will Sankey.

After luncheon hours were spent informally with music and chat, and the guest of honor was the recipient of a miscellaneous shower of beautiful gifts.

Wedding Announcement.
 Announcement is made of the marriage of Miss Helen Rodgers, daughter of Mrs. H. Rodgers of the Harbor, to Ralph Walker, son of H. J. Walker of Warren, Ohio. The ceremony took place in Cleveland, Ohio, June 29, at 7:30 p. m., in the First Methodist church. Rev. Wilson officiated with the rite ceremony.

The bride was lovely in a gown of blue silk crepe and carried brides roses. They were attended by Mr. and Mrs. C. H. Josselyn, William Reese and S. C. Walker, brother of the groom who served as best man.

A wedding dinner was served in the home of the bride's sister, Mrs. William Reese of Cleveland. After a short wedding trip they will be at home in Warren, Ohio.

O. N. O. Club
 Mrs. Clara Gortell, North Cedar street, entertained the O. N. O. Club members in her home, Saturday evening. Three tables of bridge were in play, and prizes were won by Mrs. John Wilson, and Mrs. Ralph Taylor. Dainty refreshments were served by the hostess, assisted by Mrs. Klingensmith, and Mrs. Rohner.

Plans were made for a breakfast, at the Park, July 23 with Mrs. Jack Conn, Mrs. Harold Unangst, and Mrs. Arthur Stump on the committee.

Honored at Dinner.
 Mr. and Mrs. William Leonhardt, a recent bride and groom, who have just returned from an eastern wedding trip, were honored at dinner Saturday noon in the home of the bride's grandmother, Mrs. Thomas Clingfelder of New Wilmington, Pa.

Covers were arranged for 15, and roses and delphinium were used as a centerpiece.

Guests were present from New Castle, Leesburg, Milburn, and Mercer, Pa.

Floyd Thomas
 Mr. and Mrs. John Floyd, East Division street, announce the marriage of their daughter, Pansy L., to George W. Thomas, son of W. J. Thomas of Front street.

The ceremony took place May 24, 1929, at West Pittsburgh, with Rev. T. C. Henderson officiating.

Mr. and Mrs. Thomas will reside with the bride's parents.

Plant Reunion.
 Mr. and Mrs. J. G. Walker of this city were among those who attended the Plant reunion which was held at the home of Mr. and Mrs. Frank Metzgar of Sharpsville last week. The 10th annual reunion in 1930 will be held at the home of Mr. and Mrs. Walker in this city.

Diner Event.
 Mr. and Mrs. Edward Ward of Croton avenue entertained at a 6 o'clock dinner in honor of their daughter Mrs. George Ward and daughter Betty of Newton Falls, O. Sweet peas and roses were used for decorative purposes in a pink and white color scheme that was carried out in detail. Covers were laid for eight.

...in a cigarette it's TASTE!

JUST AS A STEAK can be tough, tasteless, disappointing—or tender, crisp, done to a turn—a cigarette can be flat, heavy, over-sweet—or sparkling with spicy aroma and delicate tobacco flavors.

To knowing smokers, Chesterfield makes the difference clear. A blend of fragrance, flavor, and satisfying character, to which cross-blending, the standard Chesterfield method, adds a final touch.

In a cigarette it's TASTE... In a Chesterfield it's "TASTE above everything"

Strip Gangsters Waylay Waiters In Pittsburgh

Severely Injure Men In Street
Brawl Early This
Morning

PITTSBURGH, July 7. (Press) — A 32-year-old waiter at the William Penn Hotel was injured today by a group of men who were waylaying him on the street. The waiter, who was on his way to work, was severely injured and is now in the hospital. The men who waylaid him were charged with assault and battery. The case is being handled by the district attorney.

PATFINDER OFF ON LONG FLIGHT; HEADS FOR ROME

(Continued From Page One)
make out in the mist an outline of the Rome-bound craft as she swung eastward and began to gain altitude. As the intruder American birdmen turned seaward the coastguard amphibian Loening, piloted by Lieutenant Leonard M. Melka, went into the air as a convoy for a hundred miles out.

Convoy at Start
Following the Loening the flying boat Savoia-Marchetti carrying a party of fourteen New York persons went about to join the convoy. Aboard the flying boat was Miss Helen Rasche, the German "Flying Fairy" who is making plans for a solo flight to Berlin from this beach within a month. Five minutes after the takeoff, expected perfectly by Pilot Williams, the Pathfinder could be seen dimly through the fog gaining altitude. A few minutes later she was lost to sight at that time being headed toward Cape Elizabeth.

Route Outlined
Off Cape Sable the airmen planned to swing east southeast to the "Cape" of the junction of the trans-Atlantic ship line, about 1,000 miles out. From there they will soar above the 41st parallel, which will bring them about 100 miles north of the Azores. Then they will continue to Cape Orreaga, and thence across France to the Mediterranean to Rome. The Pathfinder carried no radio but for a short distance reports were sent shoreward from the radio of the Loening. These were picked up by the coastguard radio station at Gloucester, Mass.

Fifteen minutes after the takeoff all was reported well with the Pathfinder, but she was running through a heavy fog. She had gained an altitude of approximately 500 feet and seemed to be having no difficulty in lifting her load of 6,200 pounds. Finally she was completely lost from sight in the fog banks. Two fast coastguard cutters were

anchored far off shore, one fifty miles out. When news of the takeoff was flashed from the coastguard amphibian, anchors of the cutter were hauled up and both speedy vessels were ready at a moment's notice to go to the aid of the Pathfinder should it be found necessary.

After taking the runway of the amphibian and the flying boat the Pathfinder, heading on her way to Rome, was not expected to be sighted on the shore because of the dense fog banks clinging to the coast from Nova Scotia to Boston and below.

Makes Good Progress
GLOUCESTER, Mass., July 8. — Boasting through the fog at a hundred-mile-an-hour clip off the coast of Maine, three quarters of an hour out of Old Orchard, the Rome-Bellevue monoplane Pathfinder was making good progress.

This was the report by radio sent shoreward at 9:20 today by Lieutenant Leonard M. Melka in the coastguard amphibian plane Loening, acting as a convoy for the first hundred miles or so of the trans-Atlantic plane.

Reporting to the coastguard radio station at East Gloucester, Lieutenant Melka stated the Pathfinder for a moment changed her course and cutting a half circle, headed into the wind in order to gain altitude. The wind, which was from the southwest, gave the Pathfinder a much needed lift in her climb above the fog banks. Five minutes after swinging through the half circle, the Pathfinder again resumed her course high above the Maine coast in the direction of Cape Sable, Nova Scotia.

Lieutenant Melka reported to the coastguard base here by radio that he had some difficulty in keeping sight of the speeding Pathfinder because of the dense fog banks above the Atlantic.

At 9:50 a. m. E. D. T. were reached the coastguard base here from the coastguard radio station at Ten Pound Island, a short distance off the coast, that the amphibian Loening had completely lost sight of the Pathfinder and the Loening was returning.

When last seen through the mist the Pathfinder was on her course and was 75 miles east of the Portland, Me. Lightship. The last message from Lieutenant Melka before he turned back from the convoy was: "All well with the Pathfinder. She is going good."

Berry Growers To Meet On Thursday

A public meeting for berry growers of the county will occur Tuesday morning at 9:30 o'clock, Eastern Standard Time, at the farm of R. E. Trumble near East New Castle, states H. R. McCulloch, county agent. J. U. Reul and G. A. Zundel, both specialists from Pennsylvania State College, will speak on "Culture of the Raspberry" and "Diseases of the Raspberry," respectively. The meeting is sponsored by the county agricultural extension association.

Horseshoe Champ Coming For Picnic

C. Ed Brown, general chairman of the Scottish Rite picnic committee, has received word from Frank Humphrey of Latrobe, Pa., a member of the Consistory, that he will bring Truman Case, famous horseshoe pitcher, to the picnic with him on July 31. Casey will challenge any of the barmy golf champs from the local district and guarantee plenty of opposition. Local horseshoe hurlers will probably begin practicing for this event in an effort to down the challenger.

Personal Mention

Mrs. W. H. Hood of Bedford, he will be in active training at the army barracks for two weeks. Charles W. Read of Hazelroft avenue, merchandise manager of the Shenango Pottery company, has left for a business trip to New York. Mr. and Mrs. Ira Rhodes of Croton avenue are the guests of their daughter and family Mr. and Mrs. David D. Reid of Brookville Pa.

Forest Hurley of the Perrine orchestra at Cascade park is quite sick and will be unable to resume his duties at the park for about a week. R. C. Wallace of Chicago, has returned to his home after a visit at the home of his parents, Dr. and Mrs. R. A. Wallace of Highland avenue.

Bertha Mae and John Sonntag of Belle Vernon, Pa. are spending the summer with their grandparents, Mr. and Mrs. John Sonntag, Maryland avenue. Mrs. David D. Reid and children Louise and David have returned after visiting Mrs. Reid's parents Mr. and Mrs. Ira M. Rhodes of Croton avenue.

Dr. Raymond Lutz of Highland avenue is in Carlisle, Pa., at the present time in training at the army barracks. He expects to return home July 20.

Mr. and Mrs. Don McFall and daughter Betty Kay, Fine street, have returned home after spending the past two weeks with relatives in Easton, Pa.

Mrs. Mary Korber, former well known resident of Long avenue, this city, is very seriously ill at the present time in the Youngstown City hospital.

Mrs. William Hall and children, Jean and Peggy Ann of Park avenue, have returned after visiting her parents Mr. and Mrs. R. M. Locke of Clintonville.

Clarence Roush of the Perrine orchestra at Cascade park who has been seriously ill with tonsillitis is improving and may be able to return in a few days.

Mrs. Blanche Hanna, of Los Angeles, Cal., arrived in this city Saturday night. She plans to spend the entire summer visiting friends and relatives here.

Mrs. George E. Wise and daughters Mary and Helen of Toledo, O., have returned after spending the past week with Mrs. Wise's mother, Mrs. F. E. Zerner of Rebs street.

Mr. and Mrs. Watson Salade of Williamsport, and Miss Grace Hall of Muncy, Pa., spent the week-end with Mr. and Mrs. William Williams of Laurel avenue.

Mr. and Mrs. Earl Smith of Bellevue, who have been visiting the latter's parents Dr. and Mrs. C. A. Reed, Lincoln avenue, left Sunday for a two month trip to Europe.

Mr. and Mrs. Frank Dix of Fern street and Mr. and Mrs. Joseph Hammond of Superior street have returned from a motor trip to Hagerstown, Md., and Gettysburg, Pa.

Mr. and Mrs. Almon R. Shaffer of Chicago and Major Dallas W. Shaffer of Watertown, N. Y., have returned home after a visit with their parents Mr. and Mrs. A. R. Shaffer of Pearson street.

Mr. and Mrs. Ralph Morgan and children Olive, Nell and Dorothy and Mr. and Mrs. Stewart O. Morgan of Homestead spent the week end with Mr. and Mrs. Charles E. Allen of Park avenue.

Mr. and Mrs. Wilbur Plantery of Park avenue have returned home from an extensive wedding trip to eastern points. They are now at home to their friends at 420 East Park avenue.

Rev. Marcellus Nesbitt, pastor of the First United Presbyterian church of Columbus, is spending the month of July with his parents, Mr. and Mrs. Thomas Nesbitt, of the New Wilmington road.

Dr. W. F. Jackson of Edgewood avenue left Sunday evening for the army barracks at Carlisle, Pa., where he will participate in army training with the first hospital company of the First Medical Regiment.

Mrs. J. J. Reed, and children Betty, Charles and Robert, N. Mercer street, and Miss Ethel Moore, Park avenue, motored to Cleveland this morning where they will spend several days with Mr. and Mrs. W. D. Koppes.

S. G. Teece and son Edward, 108 Pine street, and John Riley of the New Wilmington road, who have been fishing at Elk Horn Lake, Canada, for the past week, returned to New Castle Sunday night. They made the trip by motor.

Miss Cora Zehner, Butler avenue, Mrs. J. B. Norris and daughter Florence, Wilmington avenue, Miss Mary Bennett of Youngstown and W. A. Young of Philadelphia have returned from a motor trip to Detroit, Mich., and other points.

Mr. and Mrs. Sheridan Tindall of Huron avenue had for their guests over the week-end, Attorney and Mrs. H. D. Rowan and son Robert of Jeanette, Pa., Mrs. Fisher Addis of Beaver Falls and Mrs. Verne Steiner of Manor, Pa., and Tampa, Fla.

Mrs. Clara Nengebauer of Fleming Way who recently underwent an operation for appendicitis at the New Castle hospital which institution she was able to leave a short time ago is now reported as being much improved and able to be around.

Mrs. Jacob C. Sonntag of Belle Vernon, Pa., has returned home after spending the past ten days with Mr. and Mrs. John Sonntag, Maryland avenue, Mr. and Mrs. Chas. Clingen-smith, Adams street and Mr. and Mrs. Howard Sonntag, Butler avenue.

Miss Dorothy Whitaker, Edison avenue, Miss Elizabeth Wirsing and Miss Helen Ewing of Park avenue and Miss Martha McGill of Garfield avenue, left this morning for a two weeks' camping trip on Lake Erie and at a point near North Guard, Pa.

The Way OF THE World

By GROVE PATTERSON

SNORBS.

Much talk in the last few weeks about snobs. Who is a snob? What is a snob? Do a snob say a public speaker keep after the rich, marry the daughter of the boss.

Snobs are folks who truckle to the rich, who imitate those in higher positions. Snobs want to appear some. They are not. Snobs are substitutes, imitations, paste diamonds. Why worship the rich because they are rich? Did you ever find a rich man happier than a man in moderate circumstances? The only rich men who get much happiness out of their wealth are those who give it away. Who are generous in impulse and desire. Why worship the rich, imitate the rich, truckle to the rich? Why imitate anybody? Why not be yourself, make no play for the favor of others?

CLOTHES.

Some successful men, even some famous men, scorn good clothes. Young men shouldn't be much influenced by that. Spending money for good clothes is a wise investment. You can be sure the man from whom you seek a job is going to make a careful examination of you. He is going to be moved much by first impressions. If you look good you've got a running start.

The next step is to live up to your good clothes.

BIBLE RACES.

One reads that in a small Ohio town a lot of people working in relay have been reading the Bible from cover to cover. The idea is to read the whole Bible in one day or a certain number of hours. The readers will probably be influenced by what they read. Much which they read will not even understand. How much better to give that time to doing a few definite useful things. How much better to occupy those hours putting into practice a few of the better known truths of the Bible?

THE BRAIN RESERVE.

Most of the time our duties are not arduous enough to call for the reserve of more than a few of the billion brain cells with which we are equipped. We work a little and say we are tired. That's just a bad habit—this custom of feeling tired. Man only scratches the surface of the real capacity. There are reservoirs of resources in the brain which we rarely tap, which we never tap. Digging with superficial results we use our brains only superficially. Now and then it is a good thing to give the brain a real workout to do some hard concentrated work, to exercise the mind.

TRUE AND FALSE.

There is a true and a false theory of business. The false—but very common theory of business—is that a store or a manufacturing company must do more business this year than it did last. It must have a greater volume of production and a greater volume of sales. Production and distribution are the first considerations—quality the second. The true theory of business is that human beings must be served better. Perhaps they do not need more goods. Perhaps they need fewer but they always need better goods and better service.

Making more money than last year may be a high aim but a low ideal.

AHEAD OF AMERICA.

Some of the fine points of civilization, some of its luxuries, some possibilities of comfort and happiness we in this country have yet to learn. Consider the town of Nanterre, France. Over there they have passed a curfew law aimed at saxophones. Nobody may play a saxophone after 10 p. m. What could be sweeter than a curfew like that?

Weather allowing, the Pennsylvania railroad baseball aggregation will meet to do battle with the I. A. ball crew at the E. & A. ball field, Mahoningtown, tonight at 6:15 o'clock.

Both teams are leaders in the Lawrence county league and the game tonight promises to be one of the best to be played.

Bumsteads Worm Syrup

One children an angel of mercy. When directed by NEVER FAILS. Theatrical, scientific and economic use of the TONIC. It is a little bottle everywhere or by mail. See a bottle.

POOR FLY.

Mrs. Spider stopped in her advance upon Peter and stared at him hard with all her bulging eyes. And if the truth was known Mrs. Spider's thoughts ran something like this:

"You can never tell by appearance! At first sight I took this boy to be an enemy and was going to bite him. And now he offers to help me feed my brood of babies. No enemy would do that. I guess the most sensible thing to do will be to take the fellow at his word and count him a friend." Aloud Mrs. Spider said:

"I am so very I was in such a hurry to find fault with you boy. I find I was mistaken, you are kind, not cruel after all. Maybe at another season, I shouldn't have been in such a suspicious mood towards strangers but plain, you when I am so anxious to have a house all in order for the babies—and it isn't even built yet—if only you knew how anxious I am! However that's my affair and Sam's. You certainly sound like a very decent sort of chap. If you will bring us flies to eat that will certainly be most kind of you. It is hard for us Spiders to catch enough to eat of late and I can't understand why. Flies used to be so plentiful. Maybe the reason fewer flies fly our way is because you humans are destroying them. On old aunt of mine is very, very wise. The other day when she and I were out for a crawl we saw a queer sign. Aunt can't speak but she can read and understand the Two-leg language and she has lived under a farmer's front porch and Aunt said the sign read, 'Swat the fly.' What does that mean? I asked and Aunt said that it was a command to every Two-Legs to make an end to every fly he could catch. Is that right?"

"Yes mam," answered Peter who half expected the peppery Mrs. Spider to lose her temper again. "But you see flies bite our babies and make them sick and walk over our food and spoil it for us. We just have to stop the flies from doing so much damage."

Mrs. Spider nodded.

"Flies are pests," agreed she. "I don't blame you Two-Legs for wanting to rid the world of them. We do too only we think the most sensible way of wiping them off the earth is to eat them. Even what you tell me that there's to be a shortage of food this season. What we can find to take their place I don't know. Any that you can bring us will help us at a good deal."

Next: "Mrs. Spider Prefers to Be Foot-Loose."

Card Of Thanks

We wish to thank our friends and neighbors and those who assisted in any way, for kindness and sympathy shown us during the death of our wife and mother, also for cars and flowers.

Has Perfect Bridge Hand, But Opponent Gets Bid, And Wins

HAMMOND, Ind., July 8. Several persons have been listed at various times among the few out of a half million who draw perfect bridge hands, but Mrs. Cecil Mathews here has the distinction of holding such a hand and, not only getting to play it, but seeing her opponents score a grand slam on a double.

Mrs. Mathews was so excited when she drew 15 clubs she shouted "seven clubs," at the top of her voice. Two passes followed and Herman Schroeder, playing with Mrs. Mathews' husband, bid seven diamonds.

Mrs. Mathews promptly doubled Schroeder held 11 diamonds, including all honors, and his partner the ace of spades and ace of hearts. Schroeder's slam netted him a total of 473 points, receiving 125 for game in one hand.

Gets Big Trout At Policeman's Camp

"Ted" Mayne, steward at the New Castle policeman's camp at Wilmington Junction, caught one of the biggest brown trout that has ever been seen in the local district, while fishing at a point just above the camp in the Neshannock.

"The speckled beauty measured 34 inches in length and weighed three and a half pounds. Deputy Game Commissioner Frank Johnston, who saw the fish, states. It was the largest

Dr. Blackwood To Speak Wednesday

Will Tell Of Travels To City Of Vienna At Kiwanis Meeting

The wonders of his travels abroad and the grandeur of the capital of Austria, Vienna, will all be expounded in an address, that Dr. James M. Blackwood will give before the New Castle Kiwanis Club Wednesday.

Dr. Blackwood has already spoken before the Rotary and Lions clubs and other civic organizations relative to his experiences in Vienna, particularly in regard to the medical progress of his long visit.

U. S. Immigrant Bar Tightened

WASHINGTON, July 8. Secretary Davis has told Representative Ranskan (Dem.) of Mississippi that enforcement of the immigration laws is more effective now than at any other time in the history of the United States.

Ranskan wrote President Hoover asking the chief executive to "use every power at his command to put a stop to the influx of campaign immigrants now coming to our shores in violation of our laws."

Explaining that the letter had been referred to him Secretary Davis wrote Ranskan that more effective enforcement has resulted from larger appropriations for the immigration bureau.

Immigration Commissioner Hull announced today that 44,135 aliens were admitted to the United States in 1928 and 22,566 left this country. In April, 47,831 were admitted and 1,420 departed.

It isn't equality that good Americans desire, but equality with the right people.

GREENWOOD CEMETERY DIRECTORS TO MEET

Directors of the Greenwood Cemetery company will hold their regular meeting Wednesday evening at 8 o'clock.

Spanish Cities Being Crowded With Ruralites

Spain Faces Problem As Farmers Crowd Into Cities, Abandoning Farms

HOUSING SITUATION CAUSE OF CONCERN

(International News Service) MADRID, July 8.—A number of Spanish cities, following the trend of post-war times, are growing by leaps and bounds, attracting thousands of rural inhabitants away from the farm and absorbing them in their commercial and industrial activities. As a consequence of this rapid growth, the cities find it difficult to digest the flood of new-comers, they are over populated, and the housing problem becomes acute.

Madrid, Barcelona and Seville have been faced by this problem for some time. Now Bilbao, Spain's great industrial center in the north, feels the necessity of coping with her housing situation. The mayor of Bilbao, Sen. Arce, is urging Madrid to discuss this problem with the government and gain its financial support for the solution he proposes.

Housing Problem
St. Moray says that statistics show that some seven thousand families in Bilbao have no residence of their own, subsisting in apartments occupied by others. These statistics showed that not infrequently eight and ten persons slept in one room.

"And that was four years ago," added Sen. Moray. "Since that time the population has increased by ten thousand inhabitants and very few more houses have been built. The present housing situation can be imagined."

"Faced by this grave problem, our city council has decided to build an enormous group of cheap houses out in the Deusto district, some four kilometers from the city. This will be a town in itself, for we plan to build two hundred and twenty small, private residences, or 'villas,' and one hundred large apartment houses. This new settlement will house from eight to ten thousand persons, and will cover a surface of forty acres."

"This new settlement will be interspersed with gardens and parks and will have everything required for comfort and convenience; a large market-place, public baths, a church and a school or two. It is our aim to incorporate in this new 'town' the most modern and up-to-date ideas of city-planning."

With Low Rents
"The rents will be extremely low, ranging from thirty-five pesetas a month for small houses of three and four rooms, up to two thousand five hundred pesetas a year for a large, modern residence."

"The settlement will be connected with Bilbao by road, railroad, and tramway. We have calculated its total cost will be eighteen million pesetas and we expect to have it completed within two years."

"The most difficult problem will be the water supply, but this will be satisfactorily overcome, since we are now starting the construction of an extensive new water-system for all of Bilbao, in which this new settlement will be included, and it will be completed by 1931 in time for the opening of our new 'town' to its future residents."

Small Boy Cut In Auto Wreck

Four Machines Come Together When Two Of Them Stop On Highway

When an automobile stopped another on the New Castle-Youngstown highway near Parktown last night to ascertain if it had broken down, a crash between four cars took place and a small boy in one of the machines was cut and received medical attention here. His name was not ascertained due to desire to rush him to a physician.

A. Moss, 116 Craft street, Pittsburgh was the autoist who asked Joseph Posevich, 343 Worthington street, Youngstown, for the information.

The car of J. J. Spencer 450 Eleventh street, Milwaukee, crashed into the Moss car and another machine piled into the other three cars.

A small boy in the latter machine was lacerated and he was rushed to a New Castle physician immediately.

Oregon Professor Explores Mackenzie

(International News Service) PORTLAND, Ore., July 8.—The paddles of Amos Burg, 27, canoeist extraordinary and that of Professor George Rebec, 60, of the University of Oregon, are churning along the Mackenzie River in a 3,500 mile geographical expedition canoe trip to the Arctic Ocean.

The explorers began their trip at Athabaska Landing, 60 miles from Edmonton, Alberta, June 19. From this point they will pick their way along the Athabaska and Mackenzie rivers, through the land of the moose and caribou, across the Arctic tundra and into the Arctic Circle.

The men will gather data for writing as well as securing moving and still pictures. "The expect to end their journey about September 1."

DUFF SPEAKS AT JACKSON CHURCH

Wendell Duff, missionary from India, and former resident in Big Beaver township, spoke at the regular morning service at the Mount Jackson United Presbyterian church on Sunday. The missionary told of his experiences in India during the past few years.

MacNab Leads Pep Singing Of Rotarians

S. DeGraff Pearson who has just recently returned from a sojourn in England spoke at the weekly meeting of the New Castle Rotary club today. President Frank L. Burton presided for the first time since he assumed his new office today. Attorney W. J. Caldwell, new chairman of the program committee introduced the speaker.

Only Female Of Mosquitoes Bites

(International News Service) SPRINGFIELD, Mo., July 8.—For the benefit of those who disagree with a once-quoted theory advanced by Rudyard Kipling that the "female species is more deadly than the male," Dr. Henry C. Stone, Green county coroner comes to the defense saying the axiom is true when applied to mosquitoes. For the female of the species is the only one that bites.

There is no trouble says Dr. Stone in distinguishing the two genders. The male has all the "beauty" and his head is conical. The female or the anophelous group is the most malignant since they carry malaria bacteria. Furthermore the spread of this disease depends entirely upon them.

Prisoner Makes Bouquet Each Day

(International News Service) HONOLULU, July 8.—Every day in the year, except Sunday, Jose Cuatrecasas, a territorial prisoner, gathers from the old Palace grounds 600 blossoms of hibiscus. These he fashions into a huge bouquet which is placed in the capital to delight visitors. Jose begins his work at 8 a. m., when the hibiscus are first opening, and he completes it by 10 a. m. As the flowers live but a day, the bouquet must be made fresh each morning. Sometimes he collects flowers of different shades and constructs a bouquet of rainbow effects. When all colors are not available, he builds one of solid blue, sometimes pink, sometimes crimson, sometimes yellow.

Whaling Tackle Is Saved For Museum

(International News Service) NANTUCKET, Mass., July 8.—Believed to be the last available specimen of davits once so common aboard old time whaling vessels from this district, outside of those already in museums, a complete set of davits, complete with beamer and cranes has been sold to the Nantucket Museum from the collection of Clarence De Montigny of New Bedford.

The davits, which are of the old type with curved tops from the former whale boat John E. Maria, were purchased for the local museum by Edward F. Sanderson, New York millionaire.

Purchase of other whaling tackle for exhibition purposes will also be made by Mr. Sanderson.

Texas U. Enriched By New Oil Strike

(International News Service) AUSTIN, Tex., July 8.—The treasury of the University of Texas already "swelled with revenue" from the royalties derived when oil companies struck good wells on University lands is desired to become "bulging with more money."

A producer who drilled recently on University and in Pecos county has been making 200 barrels a day and the well will validate other leases in the same county which are controlled by the school reports from the West Texas oil fields today.

The school's coffers have profited greatly from revenues in Reagan and Crane counties.

Tribal Funeral For Old Maine Chief

(International News Service) OLDTOWN, Me., July 8.—Upon the death of Chief Nicholas Skekebasin of the Penobscot Indian Tribe, one time moose hunter, river guide, basket maker, and one of the best informed men concerning the early legends and songs of his tribe and history of the Indians in Eastern Maine, full tribal honors were accorded at burial. The casket was carried on the shoulders of the head tribesmen to the final resting place on the Old-town reservation.

COLORED MAN IS ARRESTED BY POLICE

Moses Morris, colored, was arrested over the week end by Detective John Young and Officers Criswell and McKee on complaint of a Mrs. Martin who alleges that the colored man was causing her much annoyance.

She made an information before Alderman William E. Marshall against Morris and he has been turned over to the alderman for disposition of the case.

NEW YORK CEMETERY TO BE TRANSPLANTED

(International News Service) ALBANY, July 8.—Bids will be opened shortly by the Hudson River Regulating Board for the contract for removing 2,700 bodies, grave stones and monuments from cemeteries that are to be crowded by the new Sacandaga reservoir, 40 miles from Albany.

The contract calls for the removal of the bodies in new cemetery sites and the relocation of the grave stones.

The wildest coits make the best choruses.—Plutarch.

EVENING GOWNS FOR SUMMER

"There is no time that a woman can appear lovelier than on a summer evening," says Frances Clyne, dress designer for New York's society women. "The ideal summer evening gown will have a very low back and a long, sweeping, uneven hemline. It will suggest grace and poise and gentle movement. Ornamentation is nil. One of my white gowns is most startling in its unusual contrast of a blue and capucine border against its snow white background."

WOMAN M. P. RETURNS TO STAGE

rs. Hilton Phillipson and children.

Defeated for re-election to parliament, Mrs. Hilton Phillipson, former M. P., is returning to the theater. She is known as Mabel Russell on the stage and will play the lead in a new Galsworthy play, "Exiled."

Paris Is Too Noisy At Night; Prefect To Clamp Down Lid

(International News Service) PARIS, July 8.—Paris will be a quieter city from now on but not a "drier" one, thanks to the enterprising prefect of police, Monsieur Chiappe, who has been to London lately getting new ideas.

No more necessary noise, no more honking of auto-horns after 11:30 will be the rule the Prefect proposes to enforce.

"Will people obey me at first?" he asks. "I rather doubt it, for that hour of the night is about like mid-day in the French capital, but I am going to insist. People who wish to sleep must have their rights respected. Those who work must rest and Paris is far too noisy at night."

Monsieur Chiappe also intends to redouble his efforts to stop the exaggerated blowing of horns by nearly all French taxi and other chauffeurs, especially when there is a slight blockage in street traffic. In London, he marvelled at the calm way in which the big "Bobbies" moved interminable

lines of automobiles and horse-carts and how quiet the streets were.

One thing, however, he does not propose to imitate, and that is to stop the drunks at midnight.

"No, even if I were Lord Byron," says the prefect. "I couldn't prevent a Parisian from drinking if he were thirsty and besides, it would not be necessary, for as everybody knows, a 'drunk' is almost as rare as a snow-bail in July in these parts, aside from the big fete days."

"There really is no such thing as alcoholism in France. I think our good English friends have never really learned to drink because the law tries to govern their thirst."

Madame Chiappe also fat and rosy-checked, is almost as busy and ambitious as her husband. With as much energy as the Prefect shows in directing himself to the work of his government, Madame is devoting for the social benefit of the force which her husband controls.

and officers have been ordered to make immediate arrests for liquor law violations. The police order went so far as to compel restaurants to take down curtains and shutters that obstruct the view in their establishments.

**LEADVILLE CLEANED
Up With One Raid**

LEADVILLE, July 8.—Leadville is once more a law abiding city following the first police raid to occur in years when Mrs. Louis (Pee Wee) Tartar, proprietor of the Pee Wee Whoopee Resort on State Street, was arrested and later fined \$100 and costs for breaking the city's resurrected ordinance against the sale of intoxicating liquor.

In the campaign to clean up Leadville after the sensational U. S. Grand Jury investigations resulted in conviction of six of the city's officials on charges on conspiracy to defeat the Federal Volstead Law, soft drink parlors have been ordered to stop all gambling, houses of questionable character have been ordered closed.

**COLD WEATHER KILLS
THOUSANDS OF BIRDS**

(International News Service) ALBANY, July 8.—The cold, wet weather of the past spring killed thousands of song birds in New York state according to reports received by the conservation commission.

**WOMEN LAWYERS ASK
EQUAL JURY DUTIES**

(International News Service) CHICAGO, July 8.—The Women's Bar association meeting here demanded that women be placed on the same plane as men in the matter of jury duty.

Motor Accidents Still Numerous

Man Runs Into An Automobile On South Mill Street

J. Ginsberg of 1210 Moravia street, reported Saturday that he was enroute north on South Mill street at the brass foundry, when a man ran across the street from the foundry into his car and was knocked down. Mr. Ginsberg took the man to a physician, where it was found that he was not seriously injured. He then took him home.

J. W. Badger of Pulaski-New Wilmington road, reported Saturday that he was enroute north on Mill street near Falls street, when a car bearing Pennsylvania license S 32-561 going south on Mill street, hit and damaged his car.

Stanley DePore of 603 Pearson street, reported that he was driving the car of Max Ludwig south on Highland avenue at Euclid avenue and making a right hand turn onto South Mill street when a machine bearing Pennsylvania license C62-552 going

north on Mill street hit and damaged his car.

Viola Wesson of 519 Adams street reported today that she was on East Washington street at East street and had stopped for the traffic light when the machine of A. C. Valbert of Warren, O., going in the same direction hit and damaged the rear of her machine.

William M. Curran of 10 East Moody avenue reported today that he was going west on East Washington street at the public square when a machine bearing Pennsylvania license 402-80, following his car hit and damaged his machine, as he came to a sudden stop.

George Joseph of Youngstown, O., reported that he had his machine parked on East street at the police station when the machine driven by Thomas Dickey, Jr., hit and damaged his machine.

John Ameser of 502 Denver avenue, reported to the police Sunday that he was going east on Taylor street and making a right hand turn onto South Mill street when a machine bearing Pennsylvania license C62-552 going

Waldo Street Girl Reported Missing

No trace has yet been found of Mary Bashara, aged 15, Syrian girl, daughter of Charles Bashara of 433 Waldo street, who was reported missing from her home on Sunday evening by her father.

She left home at ten o'clock Sunday morning to attend mass at St. Vincent church and has not been seen or heard of since that time.

Her father in reporting her disappearance stated that this was very unusual on the part of his daughter, who stays close to home, never permitting anyone to leave the house.

She was wearing a red hat, blue slippers, on Old Rose colored dress when she left. She is four feet eight or nine inches in height and weighs 110 pounds. The police are continuing their efforts to locate the girl.

Dress does not have knee-length train.

SHENANGO VALLEY HOSPITAL NOTES

Those discharged follow: Harry Yeckers, New Castle; Matilda Wagner, Whippoorwill street; Martha Broadbent and Mary of West Patsburg and Lena Patey of West

Advertising Costs Must Be Paid For Now Before Legal Cases Can Be Settled

Under the new act, which went into effect on July 1, 1928, the publisher of a newspaper or other periodical is required to pay for the advertising space before the advertisement is published. This is a change from the old law, which required the advertiser to pay for the space after the advertisement had been published. The new law also provides that the publisher must pay for the space before the advertisement is published, even if the advertiser is a foreigner or a corporation. The law also provides that the publisher must pay for the space before the advertisement is published, even if the advertiser is a foreigner or a corporation.

No Additional Burden. The law adds no additional burden to the publisher, but it is a matter of fact that the publisher of a newspaper in Pennsylvania is required to pay for the advertising space before the advertisement is published. This is a change from the old law, which required the advertiser to pay for the space after the advertisement had been published. The new law also provides that the publisher must pay for the space before the advertisement is published, even if the advertiser is a foreigner or a corporation.

Unless the attorney or agent placing the advertisement guaranteed that the bill would be paid, the newspaper has often had to take a loss on the account. In the case of the New Castle News, this has been true, as it has in other Pennsylvania papers. The News has in its books at the present time some hundreds of dollars of such accounts which have never been paid. The legal profession also benefits by the act, according to Mr. Campbell, in that it puts the lawyer in a better position to demand costs and expenses of clients before undertaking a service for which custom has resulted in the lawyer using his personal credit office to his loss and embarrassment.

Justice to Newspapers. The act is one of long delayed justice to the newspapers of Pennsylvania. All of them have suffered through negligence and in some cases downright dishonesty of persons, only to find themselves in legal procedure and while

newspaper or official legal periodical so designated by the rules of a court of record.

A printed paper of publication distributed gratuitously is not a newspaper, according to the act. Neither is a printed paper not entitled to be entered as second class matter in the United States mails.

The law goes on to define legally such terms as "subscriber," "circulation," "advertisement," "advertiser," "legal advertisement," "legal notice," "notice," "news," "reading matter," "trade." Section four of the act requires any person or officer desiring to dispense with the publication of notice required by statute to petition the court for such dispensation.

Section five requires newspapers to establish their official and legal advertising rates, to fix the prices for the line, or set forms, and declares it proper to include in determining the reasonableness of the rate a service charge such as that of a public utility for readiness to serve.

Section six is the clause requiring prepayment of bills for advertising to be paid before the particular matter can be considered legally determined. Section seven makes ineffective any proceeding or matter unless a proof of publication of the notice be filed, showing that the advertisement was published in a newspaper established at least for six months.

Section eight requires all newspapers to fix and establish rates for legal and official advertising and give notice of all changes to persons who may be affected.

NEW GALILEE

Dr. C. B. Moore and family have returned from a motor trip to Illinois. Mr. and Mrs. James E. Tanner and family of Woodland and Mr. and Mrs. Homer Miller and daughter of Carnegie spent the Fourth at the home of A. W. Tanner.

Mr. and Mrs. W. T. Jenkins and Mr. and Mrs. T. W. Jenkins motored to Beaver Falls Thursday evening to see the fireworks display.

C. B. Hazen and sons William and Raymond were valley visitors Thursday.

Mr. and Mrs. William Gealy and family, Mr. and Mrs. W. J. Foster and son and Mr. and Mrs. Clarence Todd spent Thursday evening in Besmer.

The New Galilee Community Welfare league will meet Monday evening, July 8, in Municipal building.

Charles Hoepfegardner of Chicago is in town renewing old acquaintances.

Mr. and Mrs. L. H. Cook and family of Oakdale have returned after visiting at the home of the latter's father, R. P. Gray. Miss Bernice Foster accompanied them home.

Mrs. H. L. Miller is visiting relatives in New Castle.

Miss Jean Pyle and W. T. Tanner attended the automobile races at Springfield on July 4.

The Big Beaver Grange Ladies club will meet on Tuesday afternoon at 1:30 o'clock in their hall.

The Junior Missionary society of the U. P. church will meet at the home of Beulah McHattie.

Mrs. F. O. Mansfield of Rochester, Pa. is visiting at the home of her daughter, Mrs. R. M. Mose.

Mrs. A. K. Mansell and daughter Virginia May and son Harold of Canton, O., are visiting relatives in town.

Never yet have people scorned the law in a land that treated stock change gamblers as it treated crap shooters.

Make Changes In Competitive Sports Program At Penn

(International News Service) PHILADELPHIA, July 8.—Gymnastics as a competitive sport will be abolished at the University of Pennsylvania this year but the freshman football team will play three games next fall, according to the council on athletics.

Last fall only one contest was played by the first year team, Cornell being defeated on Franklin field. All three games will be played in November. On November 2, Bellefonte Academy will be played on Franklin field; a week later, Cornell freshmen will be played at Ithaca and the following week Dean Academy will journey to Franklin field.

Gymnastics have been a part of the athletic curriculum at Pennsylvania since 1893, but in recent years so few students reported for the team that the coach had difficulty in forming a team.

Lions Club Picnic To Occur July 16

Completing Arrangements For Annual Outing At Lakewood Beach

Arrangements are about completed for the annual outdoor frolic for the members of the New Castle Lions club, their wives, families and sweethearts, scheduled to occur at Lakewood Beach on Thursday, July 16, according to Anthony Marino, chairman of the committee in charge.

The picnicers will probably leave for the beach at four o'clock in the afternoon. A sports program will be launched immediately after arrival at the grounds, and swimming and boating will also be enjoyed. A basket dinner will be served at six o'clock. Ice cream, coffee and cake will be furnished free at this time, but the dinner will be in the form of a treat.

Following the dinner there will be more sports. Dancing will provide the remainder of enjoyment throughout the evening.

Besides Chairman Marino, other members of the committee are: Lions R. A. Wagner, John Ellison, M. V. Babcock and Robert Taylor.

Isaak Walton Clan To Gather

(International News Service) WAYNESBURG, Pa., July 8.—The annual state convention of the Pennsylvania district of the Isaak Walton League of America will be held at Waynesburg Monday and Tuesday, September 9 and 10, 1929. The first time this city has been honored with the duties of playing host to a state convention.

State Senator C. W. Parkinson as chairman and John E. Gabel, executive secretary of the Pennsylvania district, have decided to devote part of one day to trap shooting, rifle matches, and fly casting, and the next day to bird trials for setters, pointers, cock dogs and fox hounds.

Sportsmen of national reputation, among them Ozark Ripley, have promised to attend the convention here this year.

Sixty Eight Lose License To Drive (International News Service) HARRISBURG, Pa., July 8.—Revocation of drivers' cards of 28 motorists and the suspension of 40 licenses for various offenses was announced here today by the Bureau of Motor Vehicles.

Of the revocations, 15 were for alleged intoxication and Philadelphia motorists preponderated in this category, four Philadelphians suffering the revocation penalty for intoxication. The men were Lee M. Alexander, Frank J. Mallon, Hugh M. Ward and James Mallovi.

The license of Robert Jackson, of Ambler, also was revoked for alleged intoxication.

Ten driving suspensions were noted. Five from Philadelphia came in for the long suspension, the longest being for 180 days. The men were Philip B. Berman, Martin H. Verenz, James M. Carter, Stephen Reim, Joseph Olson, Frank Bass, Winfield S. Allen, John Murray, Martin Evans, Four from

Butler drivers were included in the driving suspensions. They were a similar offense. Or 9 suspensions imposed for intoxication. 7 of the men were Philadelphia drivers. One was from Grove City. The men were Philip B. Berman, Martin H. Verenz, James M. Carter, Stephen Reim, Joseph Olson, Frank Bass, Winfield S. Allen, John Murray, Martin Evans, Four from

Union Services At Grove City Start

Methodist Congregation In Charge Of Service On College Campus Sunday Eve.

GROVE CITY, July 8.—The first union campus church service of the summer was held Sunday evening at 8:45 on the college athletic field. Dr. C. E. Briggs, pastor of the Grove City church, preached the opening sermon, using as the subject "The Faith of Healing." The Methodist group, under the direction of Miss Esther Reynolds, had charge of the music.

These outdoor services have been held each year for some time and have proven highly popular. This year they will continue for two weeks, closing with the service of August 4th. Local ministers and supplies will preach each evening and music will be in charge of the church sponsoring the service each Sunday.

An amplifier has been erected by Prof. M. W. Harshbarger in order that all may hear distinctly. In case of rain the service will be held in the First Presbyterian church.

The schedule for the rest of the summer is as follows: July 14—Lutheran church, sermon by Rev. N. J. Melcher. July 21—First Baptist church, sermon by Rev. N. W. Jones. July 28—First Presbyterian church, sermon by Dr. E. C. Pines of Chicago. August 4—United Presbyterian, sermon by a Bible school speaker supplying for Dr. Henderson.

ATTENDS SCHOOL Robert Thorne, director of athletics, has returned from Springfield, O., where he attended the Rockne-McConnell school of coaching for two weeks. "Bob" took basketball and football instruction under the famous coaches.

DAUGHTERTY'S HOME Assistant Solicitor to the United States Treasury and Mrs. Harry K. Daugherty have arrived in Grove City to spend a part of the summer at their home here. Mr. and Mrs. Daugherty have had a most interesting winter and spring in the Capital and with friends elsewhere.

Sixty Eight Lose License To Drive (International News Service) HARRISBURG, Pa., July 8.—Revocation of drivers' cards of 28 motorists and the suspension of 40 licenses for various offenses was announced here today by the Bureau of Motor Vehicles.

HE THOUGHT:

"I'll never come so close to you again on a hot day."

Yet, to be polite,

SHE SAID:

"I can enjoy your music better across the room."

Another admirer lost for Janet ... all because of "B.O."

(Body Odor)

WHAT a bitter disappointment the evening had been!

Allen had been politeness itself. But somehow, Janet knew she hadn't made a good impression on this new admirer.

Whose fault? Janet didn't know then. But there's no "B.O."—no body odor robbing her of popularity now. Let her tell you what she learned about this treacherous fault and the easy way to end it by keeping perspiration odorless.

Hotter weather—yet no "B.O."

"Like everybody else, I perspire more freely in summer. But I never dreamed I was guilty

of 'B.O.' Now I realize why. We become insensitive to ever-present odors. But the pores constantly give off odor-causing waste—as much as a quart daily.

"So Lifebuoy's my only toilet soap now. And I love it! No other toilet soap has ever made me feel so completely, thrillingly clean—and safe—as Lifebuoy. Its refreshing, antiseptic lather purifies pores so deeply, 'B.O.' is impossible.

"How clear Lifebuoy keeps my skin, too. And it's a real safeguard against germs. Lifebuoy's pleasant, extra-clean scent, that vanishes as you rinse, tells you it purifies."

World's Greatest Washer Value

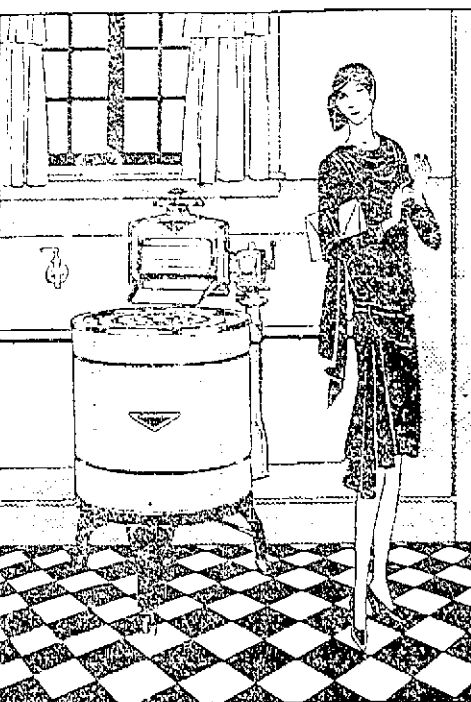

Electric Washer

\$129.50

CASH PRICE

NEVER before has this famous washer sold for less than \$155. What's more, there has been no sacrifice in the quality that has earned for it a world-wide reputation for unsurpassed performance and freedom from service troubles. Not a single bolt has been changed.

In the Gainaday you get everything you can possibly desire in an electric washer. It is beautiful, efficient, simple, convenient and durable. It washes quickly and cleanly by water action alone. There is not a moving part inside the tub to injure the most delicate fabric. It washes everything from soiled work clothes to chiffon hose and is equally efficient in washing a tubful or only a few pieces. Balloon type wringer rolls save buttons. Timken bearings and an exclusive "friction" clutch eliminate vibration and noise. Few parts, high-grade materials and careful workmanship assure long life. It will repay its cost many times over. Call or phone for a free demonstration of this remarkable washer and information about our budget buying plan.

McCoy, Army's Handy Man To Settle Dispute

Asked To Represent Government On Board To Fix Blame For South American Clash

REFUSES PROMOTION TO ADVANCE OLD PAL

By ALFRED T. NEWBERRY
International News Service Staff Correspondent

WASHINGTON, July 8.—They've been getting "Frank do it" in the Army. His first big assignment came last year when President Coolidge designated him to see that all the good citizens of Nicaragua who wanted to vote for a president of the land without fear of being killed or shot down by a sniper, to see the election was fair and would leave nothing for a "cash fund" committee to investigate.

Three years the government's "Frank" registered in the Army Directory as Brig. Gen. Frank R. McCoy. He has even a bigger task to accomplish and without an army of fighting-equipped machines that back his dictates down in Nicaragua. His present task is expected from a swivel chair. He is this government's representative on the interested and disinterested board authorized to ally blame for the clashes between Bolivian and Paraguayan troops last December 3 in the Chaco Territory lying between the two Republics.

Little Publicity
The board has made few demands for publication since it undertook its trying problem. Each member knows whatever its decision will be will offend either Bolivia or Paraguay. If they declare Bolivia was responsible for the clash and the killing of several of her own soldiers she may take on an air of hostility toward the United States and the other South American nations on the Board of Conciliation. The secretary, however, declined to assist in the arbitration. Paraguay may feel likewise if that government is "found guilty."

At the very time McCoy was working about what happened down on the Bolivian border a few days before last Christmas, and the capital's heat, he learned the was going to be promoted; that is new chief on international missions planned to give him the rank of major-general.

The administration's "Frank" did some thinking. The name of Ralph H. Van Deman, an old pal, came to his mind.

"Why he's in line for promotion," McCoy undoubtedly said to himself. Apparently he investigated how things stood at the War Department for permission to wear new insignias and receive more pay. Gen. Van Deman was first on the list. He was "next" according to the Army's Promotion "barber."

Won Point
McCoy sidetracked for the moment last winter's clash down in South America and this summer's heat in the nation's capital. He used either the direct "personal" or "underground" channels that receives the attentive ear of Mr. Hoover in the White House. He told him he didn't want to be promoted—at least not just now. Van Deman was in line for "job" and he didn't want to block his ladder of advancement. It was said in behalf of the President that he held a similar opinion but McCoy's promotion was going forward for "distinguished national service."

Mr. Hoover agreed. He o. k. Van Deman's promotion as major-general and deferred McCoy's advancement until Van Deman retires.

But this won't be long. Van Deman is slated for retirement September 3. He will have reached the age limit then. Although his new rank insignia hardly will be used when he quits the active list, it will entitle him to more pension than his old rating of brigadier-general.

One Skinny Man Gained 28 Pounds

"Feels Like a Real Man Now—Thanks to McCoy's"

That's just what one man wrote from Atlantic City and thousands of men and women know by experience that McCoy's Tablets, known the world over as the great flesh producer, do put on flesh where flesh is most needed.

It doesn't take but a few weeks to hollow in cheeks, neck and chest to fill out and what a change for the better this will make in your personal appearance.

And besides looking better you'll feel better for in McCoy's Tablets is a combination of health building agents that increase strength and bring vigorous health to weak run-down nervous men and women.

McCoy takes all the risk. Read this practical guarantee: If after taking 4 sixty-cent boxes of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health, your druggist is authorized to return the purchase price.

Jail Sentence Certain For Drunken Driver Before County Court

One man out of a jail sentence in Lawrence county is to get a jail sentence for driving an automobile while under the influence of liquor. Unlike the some made famous by Will Rogers it is not an Old Spanish Custom. It is a present day custom, set down by the court of Lawrence county, Judge H. Lawrence Hildebrand and Judge James A. Gramblers.

Any person convicted of the crime of driving while intoxicated can turn to himself when he appears before the local court but will be long for the court has said that every drunken driver must serve time.

No definite sentence has been set down. No two crimes are exactly alike and no two sentences alike. It is the certainty of punishment and not the number of days that sets the greater deterrent. The two judges in commenting upon the sentencing of drunken drivers.

The session of the 1929 of the Pennsylvania General Assembly restored the maximum jail sentence for drunken drivers. It was reduced to 30 days in 1927. Commenting upon this feature the court said "with the increased penalty we have now a wider latitude in which to deal with drunken drivers. The more flagrant offenders can expect to feel the force of the increased penalty."

But to return to the opening paragraph one sure way to draw a jail sentence in Lawrence county is to drive an automobile while under the influence of liquor.

Cathedral Fund Teams To Report Tuesday Evening

Expect Total Will Go Well Over Quarter Of Million Mark In Campaign

Teams which are conducting the Cathedral refinancing campaign in New Castle will meet Tuesday evening at 6:30 in the west dining room for reports, at which time the report is expected to show more than a

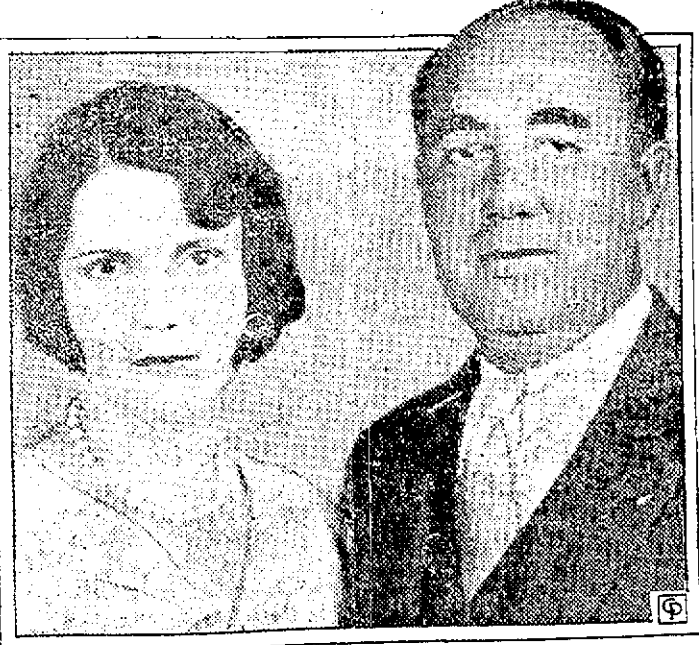

quarter of a million raised for the Cathedral.

The New Castle teams were reorganized last week and are hard at work in an effort to bring pace with the various teams in the district outside the city. To date the efforts of the local members have been on a par with those of the other 50 zones outside the city.

At the last report meeting, held July 2, a total of \$233,000 was reached, and delayed reports from some of the outside districts are believed to have put the total around the \$250,000 mark, which should be greatly exceeded Tuesday evening.

THAT'S STRANGE
Chatter—Hello, Bill! How's your wife this evening?
Chatter—She's sinking.
Chatter—What is she ill?
Chatter—No. Just washing dishes.

PLAN HONEYMOON TRIP IN ZEP

Joseph D. Jessel of New York, and his fiancée, Miss Veronetta Hoots, plan to pass their honeymoon voyaging around the world in the German airship, Graf Zeppelin. Jessel made the return voyage to Germany in the Zep last October. It was then he met Miss Hoots, an aviator, who had come to Lakehurst, N. J., to see the big ship.

Mrs. Humphreys Writes While Enroute To North

Aboard S. S. Somerset.
Savannah Ga., July 4, 1929.
Editor The News.
New Castle Pa.

We have just docked and had breakfast and are facing an 11 hour tie up here but are reassured that this is our only stop between Jax and Baltimore.

I left St. Cloud about 1 o'clock Tuesday, stopping over night in Deland. Mrs. Ogle kindly volunteered to drive me to Jacksonville where she has two sons living. Yesterday we stopped early for lunch and spent some time at Green Cove Springs. This is one of the smaller springs but one of the most widely advertised and therefore one of the few which has had a city built up about it.

The boat was at the dock at 2 p. m. and sailed at 5. As we left the river for the open sea we ran into quite a storm of wind, thunder and lightning but it was not bad enough to cause discomfort. This morning is fine but with clouds threatening in the direction of the ocean. We are some miles up the Savannah river which I easily recognized by its brick red muddy waters.

The scenery visible from the boat is not the most interesting. My steamer chair is on the side next the docks so I have appropriated one on the opposite side. Here I can see a two mast craft with the bows high in the air and the stern submerged. Also some scows, oil tanks and some open marsh land.

There is a motley procession of craft of one sort or another sufficient to hold interest for a time. As we were coming up the river this morning a maid notified us that we were about to pass that pathetic spot where the "Waving Lady" greets all ships. We lined up at the rail as we came in sight of a substantial white house on the river side away from all other habitation. When abreast an attendant ran the flag to the top of a tall staff beside the house and a white haired lady appeared on the porch waving a white scarf. The story is that her lover sailed away long ago and did not come back. Hence she greets all ships receiving in return a salute from their sirens. It is also said the U. S. government gives her a monthly pension. This is the story as I got it. I pass it on to you to investigate if you are doubtful of it.

Most of the passengers are preparing to take the sight seeing trip this morning but as I have driven this route several times I will not wait for the P. M. which takes in the rural and suburban trip. I was on deck at 5 a. m. in time to see the sun-

Coal Shed On Farm Destroyed By Fire

Lightning Strikes Shed On Frank Forbes Farm Near McCaslin School

Lightning struck the coal house on the farm of Frank Forbes in the district at the left of the Harlanburg road near the McCaslin school about 8 o'clock Sunday evening. Fire destroyed the shed and though it was situated near the house and barn neither were ignited by the flames. Rumors were circulated that both the house and barn of the farm had been destroyed by flames but damages did not extend beyond the loss of the shed and coal.

Capt. Craig And Family Leave Today

Capt. Melvin L. Craig who has been instructor for the local district of the Third Corps Area, U. S. Reserve Corps left today with his family for Salt Lake City, Utah, where he will be in charge of the instruction of students at the University of Utah.

Capt. Craig was relieved of his command here in May but was granted a leave of absence which he spent in this city.

No word has been received as yet relative to maintaining the office in this city.

Science And The Bible

By S. S. MYERS

"You stated recently that there is no conflict between science and the Bible. Will you kindly give some instances wherein they agree? I am asking this purely for information, for while I am somewhat familiar with the Bible I know very little about science, and I am sure there are others as poorly informed as myself."

If I remember my statement correctly I said there is no conflict between "established science" and the Bible. There is a difference between established fact and theory. There are many theories advanced in science, especially in astronomy, which remain to be proven. And until they are proven to be facts they remain theories.

But so far as scientific facts are concerned the Bible and science substantiate each other in every instance. In the first place the Bible says: "In the beginning God created the heavens and the earth." Science says:

There must have been a Creator because matter cannot create itself. The Bible recognizes one Creator, and science demonstrates that creation is the work of one super mind. There is a oneness of plan throughout all that precludes the idea of more than one Creator.

For instance we see this oneness, or continuity of matter up to the smallest particle of matter up to the mechanical structure of the universe—electrons, revolving, or waving around the nucleus in the atom like a miniature solar system; moons revolving around the planets; planets revolving around the sun; suns revolving around the center of the universe, and universes revolving around a common center. We might add other instances such as light, heat, and sound being one and the same element under different vibratory conditions, but space forbids.

The Bible recognized the evolution of blood in the body more than three thousand years before Harvey discovered it to the modern world.

In Job, 28th chapter and 7th verse we read: "He stretcheth out the north over the empty place and hangeth the earth upon nothing." Astronomers have discovered that if we turn the telescope east, west, south or straight up we see thousands of stars, but if we turn it to the north we look out into empty space. This is due to the fact that while our solar system is 50,000 light years from the outer rim of our watch shaped universe and the same distance from the center, it is so near the upper side that we can look out into empty space.

Again, in the 38th chapter and 1st verse God said to Job: "Canst thou bind the sweet influences of the Pleiades or loose the bands of Orion?" It is only within comparative recent years that astronomers have noted that the stars in the Pleiades are gradually drawing closer together while those in Orion are slowly spreading apart, which shows that we are drifting further away from the Pleiades and drawing nearer to Orion as we all sweep around the universal center.

I might give many other comparisons but when everything else failed

sons if space permitted, but the above no conflict between established science sufficient to illustrate the point, and the Bible.

The first chapter of Genesis is a summary of the work of creation—an abstract statement of facts which is fully substantiated by science if analyzed in the light of geology and the physical history of the earth. But we must not read into it our preconceived notions born of traditional ignorance.

In conclusion let me say that the Bible is not a text book on science. The only science it teaches is the science of right living. But when it touches incidentally on any other branch of science it is always found to be absolutely accurate. There is no error in the Bible.

The Spanish king only gets one-third of his mother's estate, \$11,000. Still this will stand him in good stead in case of emergency.—The Savannah News.

North Carolina is experimenting with a new glass—kudzu. How contented the Jews there ought to be—come chewing their kudzu.—The Topeka Daily Capital.

Ten thousand people went to the pier to see the Levee when it came toward the 12-mile limit.—The Boston Evening Transcript.

Doctor Found Women and Children Sick More Often than Men

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness, and all of them regarded first as a thorough examination. They were constituted.

In the course of Dr. Caldwell's 47 years' practice he found a good deal of success in such cases with a preparation of his own containing simple laxative herbs with psyllium. In 1922 he decided to use this formula in the manufacture of Dr. Caldwell's Syrup Pepsin, and placed it on the market.

The preparation immediately had as great a public success as it previously had in Dr. Caldwell's private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to try it. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin. Pleiades and drawing nearer to Orion as we all sweep around the universal center.

I might give many other comparisons but when everything else failed

While women, children and elderly people are specially benefited by Dr. Caldwell's Syrup Pepsin, its mild, gentle action is promptly effective in the most obstinate cases. Continuing to use it for the time being, it is neither opiate nor habit-forming. It is like it and take it willingly. Every drug store sells Dr. Caldwell's Syrup Pepsin.

Dr. J. C. Caldwell M.D. AT AGE 87

Campbell And Cupid In Partnership Here Since October, 1885

Here in Lawrence County an interesting fact is found in the office of the Prothonotary and Clerk of Courts, which perhaps does not exist in any other county in the state. Ralph M. Campbell, the present prothonotary, has been in service at that office since the first marriage license was issued in 1885, the year the present marriage license law went into effect. In that time, since October 1, 1885, 28,246 marriage licenses have been issued and Mr. Campbell was present when both number one and number 28,246 were issued.

First One Oct. 5, 1885.
The first license was issued to Edward West Hayes of Allegheny and Ellie Jane Allen of Wampum, on Oc-

tober 5, 1885, four days after the law went into effect. They were married by Rev. James M. Fullerton of Wampum on October 6th, 1885.

On the day the first license was issued, Mr. Campbell was but a youngster having gone into the office of the Prothonotary and Clerk of Courts as a deputy to his father, David L. Campbell in January, 1885. Since that time Mr. Campbell's service has been continuous in the office, either as deputy or as Prothonotary. He is now in his 45th year of service.

In October 1885, there were but 6 marriage licenses issued. In November of the same year there were 22 issued. As a contrast it is pointed out that in June of this year, there were 126 licenses issued.

Pathfinder Is Sister Ship Of The Green Flash

Plane In Ocean Hop Was Purchased From Mrs. James W. Stillman

(International News Service)
OLD ORCHARD BEACH, Me., July 8.—The Bellanca monoplane Pathfinder, Rome-bound, is a sister ship of the Green Flash, which cracked up on the takedown to the Eternal City on June 13 here.

The Pathfinder, with light green fuselage and silver wings, was purchased from Mrs. James W. Stillman, of New York. The Pathfinder was formerly known as the North Star.

The trans-Atlantic monoplane is powered with a nine cylinder single 200-horse power Wright whirlwind motor. It has a specially designed and specially built propeller which it was expected would give increased speed and result in a lower consumption of gasoline.

The Green Flash held 540 gallons of gasoline when her tanks were filled, whereas the Pathfinder took slightly less than 500 gallons of gasoline. However, 50 more gallons were stored in containers in the fuselage.

Today 20 gallons of benzol were added to the gasoline to prevent vibration of the motor.

The Pathfinder had a total load, with fuel and equipment, of 6200 pounds.

The monoplane had a wing spread of 50 feet. On both her sides and tail were painted NX3789.

The Pathfinder had a top speed of 120 miles per hour and a cruising speed of from 95 to 100 miles per hour.

The green and silver colored airship was painted with aluminum paint, as the pigment in this paint was said by the American businessmen to be 100 pounds less than in ordinary paint.

Inside and outside the cabin was lined with linen, drawn very tight in order to make the "ship" airworthy and to give her stream lines.

Two Injured In Auto Accident

(International News Service)
WASHINGTON, Pa., July 8.—Two persons were suffering from serious injuries today and four were slightly hurt, because of an accident when their automobile overturned west of here on the National highway.

The seriously injured were Mrs. W. J. Lennick, of Pittsburgh, and Catherine Cook, 12, of Mt. Oliver. The group was en route from Pittsburgh to Wheeling, W. Va.

KILLED WHEN CYCLE HITS TREE ON ROAD

DOVER, O., July 8.—Duane Orr, Lowmiller 20, Dover, hurled from a motorcycle to the pavement when it

struck an apple tree blown across the roadway yesterday afternoon a half mile south of Lock 17, 29 miles southwest of here during the electrical storm, died of a fractured skull this morning at Twin City hospital, Denison, two hours following the accident. Lester Haas, 19, Dover, driving the motorcycle, escaped with a lacerated chin.

Roller Coaster Fall Is Fatal

(International News Service)
CANONSBURG, Pa., July 8.—A fall from a roller coaster at Mapleview park, near here, caused the death of Marion Marks, 16, of Canonsburg, police reported today. The accident occurred last night, and the boy died shortly afterward, it was said.

Yeggmen Fail To Open Safe

(International News Service)
PITTSBURGH, July 8.—A safe in the A. T. Schomaker Baking company plant was too much for yeggmen who attempted to crack it, sometime during the week end, the owner reported to police today. The men left after making a number of attempts to hammer off the combination and drill the safe. Police began an investigation.

Drunkenness Arrests Drop In Philadelphia

PHILADELPHIA, Pa., July 8.—A report reveals that there are almost as many reckless autoists in Philadelphia as there are safe and disorderly persons. During the last six months, 5656 motorists have been arrested as reckless drivers. In the same period, the police arrested 5076 prisoners or disorderly actions. In connection with more than 10,000 automobile accidents on the highways, 7121 arrests were made.

In the programme of law enforcement against liquor selling and all forms of vice the report reveals that police activity under Director Schefield resulted in more arrests for these offenses than at any time within the last five years. Charges of illegal possession of liquor were lodged against 2866 prisoners as compared with 2500 arrests for this offense in 1928. Since January 1, this year, 4321 arrests were made in connection with disorderly house raids, or an increase of 15 per cent over former years. There were 390 gambling raids during the last six months resulting in the arrest of 2144 alleged gamblers. Charges of making handbooks on the races caused the arrest of 61 persons.

Names Mediator For Car Strike

(International News Service)
WASHINGTON, July 8.—Secretary of Labor Davis announced today that he had selected William H. Rodgers, commissioner of conciliation, to mediate the street car strike now in progress in New Orleans.

Rodgers will arrive in New Orleans today and will keep the Labor department informed of the strike situation. Rodgers is one of the veterans of the conciliation service.

Charge Justice Owns Building Of Bootleggers

(International News Service)
PITTSBURGH, July 8.—Charged with owning a building in which 2260 gallons of beer and mash, 30 gallons of malt and a quantity of beer making apparatus had been stored, Justice of the Peace Gilbert J. Martin, of Alleppo township, was to face a preliminary hearing today for a preliminary hearing.

The vacant house, alleged to have been a wildcat brewery with a huge output, was raided by federal prohibition agents last night, after they had seized an automobile as it was driving from the house. One of the two men with the car had been seized, and a quantity of bottled beer, the officers said. The man, Albert Dundee, was brought to Pittsburgh, to face a hearing later.

Paris Postmen Ask For Raise Of \$1 A Year

Government Retaliates By
Dismissing Ringleaders Of
Strike Effort

PRESENT PAY SCALE
BUT \$10 PER WEEK

By ALICE LANGELEIR
International News Service Staff
Correspondent

PARIS, July 8.—Paris postmen recently went on a strike for two days because they wanted 24 francs a year, more than a dollar less than one dollar. The French government decided to dismiss 12 and suspend for three months 20 of the ringleaders of the strike, which held up business for 48 hours.

A look at the under-secretary's report makes one wonder how the Paris postmen manage to live at all. The salary to begin with, for both married and unmarried men, is 10,000 francs a year, which, at the present rate of exchange, amounts to about \$440 in 12 months. There are, fortunately, allowances for residence and footwear and men who have children and have completed their military service have a prior right to promotion. This fortunate postman starts at a little less than 12,000 francs per year, or \$10 per week.

Signs of the past war are still visible in Paris in the shape of a striking poster which was the government's first proclamation to the public of a state of war. It reads:

General Mobilization
The Mayor of the 8th arrondissement begs to announce to his citizens that General Mobilization has been declared.

The first day of Mobilization has been fixed for Sunday, the second of August (from Midnight to Midnight).

Dr. P. Madechal,
Mayor of the 8th Ward

Adjoints
J. Sanguin, Dr. Ch. Godon,
J. Desre.

Placed in one of the most important spots of the capital, it served its purpose in 1914 and was then forgotten beneath a thick layer of dust and dirt until a few days ago when some workmen discovered it. An interested onlooker ordered the glass covering

cleaned and the wire netting painted, and today the war-time poster is one of the curious sights of Paris.

Women in the employ of the French Post Office may now marry foreigners, providing they take steps to retain their French nationality, according to a recent decree. Permission, however, does not extend to postmistresses, who may marry on French citizens.

Decisions Of Lower Court Here Affirmed

City Will Have To Pay Holm
For Car And Meninchino
Damage

Solicitor Robert White today received a report of action in three cases which had come before the Superior court. The city was advised that the lower court had been affirmed in all cases.

When the Thomas case against the city was heard a verdict of \$1,400, was awarded but the court ordered it set aside. The decision was appealed but the lower court was upheld. Mrs. Thomas fell on a slippery sidewalk at Mercer and Washington streets.

In another case, that of K. C. Holmes, in which his auto was wrecked and a verdict returned for \$700 against the city, the lower court was affirmed.

The city will have to pay \$250 in the case of Meninchino versus the city. It was claimed the city performed work in Swansea avenue which caused water to collect on the Meninchino property.

Award Wilmington Avenue Sewer Job

Councilmen met at the city hall today and by a vote of three to two authorized the State Highway department to have a six foot sewer built beneath Wilmington avenue at Euclid avenue before Wilmington avenue is paved. The job will cost the city approximately \$3,000.

The members who voted for the project are Mayor Gillespie, Davies and Reeves. Burns and Tyler voted negatively, not because they said, a sewer is not needed but because of lack of funds.

The work is to be done as a part of the storm sewer project proposed from North Mercer Street to the Shenango river.

The section is outside the city but the work can be done as the water from the township would flow into the city.

Solicitor White gave as his belief that it would be well to spend the money now rather than pay it out in damages later.

Now On Honeymoon

MR. AND MRS. MICHAEL CUDAHY

RIVERSIDE, Cal., July 8.—Michael John Patrick Cudahy, 21, son of the late J. P. Cudahy of meat packing fame, and his bride, 18-year-old Marie Evans of the screen, will live in Los Angeles after a honeymoon in Honolulu, they revealed after their marriage here Saturday by a justice of the peace.

Many Public Playgrounds Maintained In This State

(International News Service)
NEW YORK, July 8.—Seven hundred and thirty public playgrounds, the second largest number in any state, are providing summer sport for residents of Pennsylvania and eighty-eight Pennsylvania towns and cities, the most in any state, are conducting playgrounds and other recreation areas under leadership, according to the Year Book of the Playground and Recreation Association of America.

An expenditure of \$1,008,484 for public recreation in 1928 was reported by the state with bond issues for recreation purposes totalling \$578,000 being passed in four cities—Philadelphia, Pittsburgh, Reading and Wilkesburg. Pittsburgh ranked highest in bond issues with the passage of the \$300,000 issue for recreation service.

More municipal pools offering a cooling dip on warm days to Pennsylvanians than to residents of any other state, the Year Book says. Pennsylvania has 115 such pools and New York, the Keystone State's nearest competitor, but 97. Ten municipal golf courses and 278 tennis courts are further facilities for outdoor sports in Pennsylvania. With 1,847 recreation leaders, the state takes third place in the staff employed to help citizens use their spare time in quest of health and enjoyment.

"Poor Old Lighthouse Keeper" Has All The Comforts Of The Home

(International News Service)
SAN FRANCISCO, July 8.—Pity the poor old lighthouse keeper no more! He's getting ultra-modern, with all the frills of shore comfort.

So announced Captain H. W. Rhodes, federal lighthouse superintendent, in revealing plans today for a gigantic beacon to be built on the storm-swept shores of Anacapa Island on the California coast, off Santa Barbara.

Four keepers will tend the beacon, which on clear nights will flash a light which may be seen 23 miles at sea.

"Family quarters will be provided for the keepers—these will be modern living quarters, equipped with electric lights and all other conveniences," declared Capt. Rhodes.

Another project which will take the romance out of lighthouse keeping is a new lightship to replace the present obsolete vessel ten miles off the Golden Gate.

The new lightship, now under construction at Portland, Ore., will be electrically operated and equipped with Diesel engines. A great siren, flashing mast lights, radio beacon, radio telegraph, submarine signals—these are some of the latest scientific devices to be incorporated into the new \$200,000 guardian of the Golden Gate.

This spot is now guarded by San Francisco lightship No. 70. Anchored in 18 fathoms, she has been a welcome beacon for incoming and outgoing ships for 20 years. Now she is obsolete and when replaced by the new "tony" lightship under construction at Portland will be relegated to that ignominious haven of discarded ships—the boneyard.

The new lightship, although subject to the elements that sweep in from the open Pacific, will have modern quarters for its complement of 15 officers and men. Radio and all the comforts of home.

HUNDRED IN HOSPITAL AFTER DETROIT STAMPEDE

(International News Service)
DETROIT, July 8.—Crushed and trampled in a stampede for exits when the wooden main grandstand of the Mack baseball park burst into flames, 103 persons were in hospitals today, four of them near death.

The fire and panic occurred just before the hour set for the start of the opening game of a double-header between the Detroit Stars and the Kansas City Monarchs negro teams.

Those probably fatally hurt are Richard Ross, 35; James Thomas, 34 and Leroy Thomas, 19 who suffered fractured skulls and William Harvey, 22, whose spine was broken.

Most of the other victims, among them many women and children sustained fractures of limbs. Dozens of others knocked down and cut and bruised in the scramble were receiving medical attention in their homes.

The majority of the more seriously hurt were those battered down by the descending heels of fear-stricken fans who jumped from the upper tiers into the milling mass.

Police officials investigating the fire questioned John Rosinski, head of the Mack Avenue Exhibition company which operates the park. He said he had brought into the park a five-gallon can of gasoline he intended to spread on the wet ground and ignite to dry the soil.

Coast To Coast Air Rail Service Formally Started

(International News Service)
COLUMBUS, O., July 8.—At the ringing of a bell which was started when Secretary of Commerce Robert P. Lamont pressed an electric button in his office at Washington, D. C., two huge tri-motored airplanes took off from the North of Columbus this morning, inaugurating the coast-to-coast air rail service.

Search Three States For Missing Girl

(International News Service)
PITTSBURGH, July 8.—Search of three states, western Pennsylvania, West Virginia and eastern Ohio today had failed to reveal trace of Helen Lampe, 18, who disappeared near her home Friday, police said.

The search was to be extended even further today, in belief that the girl may have been carried away by persons in an automobile into another state. She was last seen crossing a vacant lot near her home.

LEAKING GASOLINE IGNITES AUTO TRUCK

Thieves were called to Shenando and Grant streets at 1:35 this morning by an alarm from box 18, where they found a big truck owned by Smith and McQuinn, ablaze. Gasoline leaking from the fuel tank of the carter had dripped on the low exhaust pipe and burst into flame. The blaze was extinguished by the use of a tank of firefoam. The damage was estimated at around \$10.

Thieves Are Busy About Pittsburgh

(International News Service)
PITTSBURGH, July 8.—A robbery, two hold-ups and a pocket picking had been reported to police today. A diamond was robbed by four men of \$15, he said. Three negroes held up Vincent Terhok, McKees Rocks, and took \$45 and a watch. Harry Hertz, 27, on a street car. Thieves took \$35 from a bureau in the home of Joseph Reckley.

Vets Are Ready For Big Picnic At Cascade Park

Several Thousand Visitors Expected From Surrounding District Wednesday

GOOD PROGRAM IS BEING ARRANGED

Plans have been virtually completed for the big picnic and reunion, which will be staged by the Harry L. McBride Post, Veterans of Foreign Wars, at Cascade Park on Wednesday.

A fine program of entertainment has been arranged by the committee in charge, which will provide amusement for all who attend.

The Vets have secured the dance hall from 2 to 5 o'clock at which time, the visitors will be permitted to use the floor free of charge. Arrangements have also been made to provide free coffee for the visitors.

Members of the Visitation Committee have visited the various posts in the surrounding district, all of whom have promised to send big delegations to the event. Many reunions will be staged between former comrades in arms who were members of the same military units during the World War.

Delegations are expected from Sharon, Youngstown, Warren, Beaver Falls, Butler, and Erie, in addition to the many local veterans and their families, and a big time is assured for all.

Voting Machines Asked By Sharon

Vote Will Be Taken On Project At Election In Fall

(Special To The News)

MERCER, Pa., July 8.—The county commissioners received their first petition Friday to submit to the voters whether voting machines shall be installed. The petition comes from the city of Sharon and is signed by 100 electors of that city. It is understood that a similar petition will be received from Farrell.

The recent act which authorizes the use of voting machines in Pennsylvania provides that upon the receipt

signed by one per cent of the voters of any city, borough or township requesting the commissioners to install the machine, the commissioners shall have the proposition printed upon the ballots of the next general or municipal election and if a majority of voters vote in favor they shall be installed.

Albert Broadbent, who is employed by the Newberry Co. and located in West Chester, Pa., spent several days last week with his parents, Mr. and Mrs. W. W. Broadbent. This is the first time Albert has been home since he started to work for the company several months ago.

Professor John Coleman of Geneva College occupied the pulpit of the Reform Presbyterian church Sunday morning.

It is reported that several nice catches of fish have been made in Sandy Lake. Mr. Patterson of Stoneboro landed two muscalonge from the lake which measured over 30 inches each. It is said that the shortage of food since the lowering of the lake is the cause of the fish biting so.

Good progress is being made on the new auditorium and gymnasium of the Mercer school plant and on the two additions being built to the annex. The west addition is nearly ready for the roof and the east addition is well past the first story.

The work on the auditorium is nearly completed. Contractor W. G. Smith is pushing the work to the limit to have the buildings open for school in September, and if the weather gives him an even break he will accomplish it.

The Mercer Girl Scouts left Saturday for a two weeks' camping trip at Stoneboro. The girls spent two weeks there last summer and hope to make a tradition of it. They have a cottage there and are in charge of the camp. Miss Alice Graham, Mrs. Alice Guiler is cooking for the girls and Mrs. L. K. Graham is chaperoning.

Gospel Carollers Sing Here Tonight

The Gospel Carollers, the quartette of students from the Dudley Bible Institute of Dudley, Mass., who will give a program in the first Baptist church this evening at eight o'clock, are enroute to the city in their Gospel auto. They are accompanied by Rev. Howard W. Ferrin, president of the institute. In addition to a program of vocal numbers, a special feature of their program is the work of Briggs P. Dingman, saxophone soloist. These radio carollers are in great demand in religious services and conventions. Their work is of an unusually high character as is evidenced by their regular programs given over WNAO Boston and WEAN Providence. No admission fee.

Mr. and Mrs. Roy Harlan and son Glenn, accompanied by the former's parents, Mr. and Mrs. Oscar Harlan, attended the funeral of Simon Wilbert Stickle at the Zion Baptist church last Saturday.

Mr. and Mrs. S. M. Kneram entertained at dinner last Thursday Mr. and Mrs. George Walsh of Cleveland, Mr. and Mrs. Joseph Kneram and son Ralph and Mr. and Mrs. Mont Book of New Castle.

Mr. and Mrs. James Jordan of Grove City entertained the following relatives at a picnic dinner on July 4th: John Stevenson and family, Mr. and Mrs. Arthur Clark of Pittsburgh, Mr. and Mrs. Edgar Shaw and family and Mr. and Mrs. Earl Stoughton of Harlansburg.

Those from here who went to help James Walters celebrate his 80th birthday at the home of his daughter, Mr. and Mrs. Phil Rodgers, at Plaingrove, were Mr. and Mrs. Joseph Burnside and daughter Ruth, Mr. and Mrs. Clair Burnside and children and Mr. and Mrs. R. A. Martin.

Mr. and Mrs. Oscar Harlan entertained at Fourth of July dinner Mr. and Mrs. Roy Harlan and son Glenn, Ben Harlan and son David, of New Castle; Mr. and Mrs. Fred Llewellyn and son Alden, Mrs. Sophia Crawford of New Brighton and Miss Sidney Seh of New Castle.

On the Fourth of July Mr. and Mrs. Herbert Beard entertained at dinner his parents, Mr. and Mrs. F. H. Beard of Struthers, O.; Mr. and Mrs. Elmer Ramsey and daughter, Lillian, of Struthers; Mr. and Mrs. Clinton Beard and children, Naomi, Jean and Elton; Mr. and Mrs. D. H. Mellinger and daughters, Carolyn and Kathryn; Robert Withers and Kenneth Hitchcock, all of Canfield, O.; and Bernice and Robert Beard.

SAYS IT SOON MADE HIM FEEL LIKE NEW MAN

Theatre Employee Claims One Bottle Of Ten Herbs Relieved Ailments.

More and more men and women of New Castle and vicinity are praising the celebrated new natural medicine, Ten Herbs. On every hand is heard the statement that nothing else like this compound ever has been introduced in this section. A remarkable

MR. FRED A. PROBST

number of persons have reported that Ten Herbs ended obstinate stomach, liver, kidney and bowel disorders after other medicines had proved a complete failure. If you have any such health troubles, or are troubled with rheumatism, neuritis, nervousness or a general weak, run-down condition, get a bottle of Ten Herbs today at Eckerd's of New Castle, Inc., 30 East Washington St., this city, where this successful medicine with the ten wonderful herbal ingredients is being introduced.

"One bottle of Ten Herbs made me feel like a new man," said Mr. Fred A. Probst, Gayety Theatre, Pittsburgh, Pa. "For two years I had been suffering from indigestion. My condition got so bad that I was almost afraid to eat anything on account of the severe gas pains with which I would suffer soon afterwards. My tongue was always coated, and at times I became so dizzy I could hardly stand up. I also had pains in my limbs."

"I finally decided to try Ten Herbs, which I had read about. One bottle gave me such satisfactory results that I have advised a number of my acquaintances to try your wonderful medicine. My appetite improved, and stomach trouble was relieved. Dizzy spells disappeared, and the coating left my tongue. I was also given relief from the pains in my limbs. It gives me pleasure to endorse Ten Herbs to the public."

Ten Herbs is being introduced at Eckerd's of New Castle, Inc., 30 East Washington St., this city, and is sold by all leading druggists throughout this entire section.

Alien's Locate In Keystone State

Over 1500 Come To Pennsylvania During Month Of May

(Special To The News)

WASHINGTON, D. C., July 8.—The population of Pennsylvania was increased by 1,549 during the month of May through the admission into this country of that number of alien immigrants who expressed intentions of establishing permanent residence in the state, Harry E. Hull, commissioner general of immigration, reports.

During the same month, the population of the Keystone state was lessened through the departure of 308 alien emigrants from the country whose last permanent residence had been in the state, according to Commissioner Hull.

The report made by the commissioner reveals the period of July, 1928, to May of the present year a total of 14,413 alien immigrants were admitted to the country with expressed intentions of settling in Pennsylvania while 4,192 alien emigrants departed the country who had been residing in the state.

Why Take Chances?

Why take chances on plain-surfaced roll roofing of unknown quality when you can get Barrett Roofing—the brand that's known the country over for honest value and great durability?

The service it is giving on buildings right in this neighborhood proves it the unquestioned leader among plain-surfaced roofings in wear and dependability. Come in and let's talk price.

Booster Club To Meet Wednesday Eve

Members of the New Castle Booster Club will hold their semi-monthly meeting in the council chamber of the city building, Wednesday evening at 8:30.

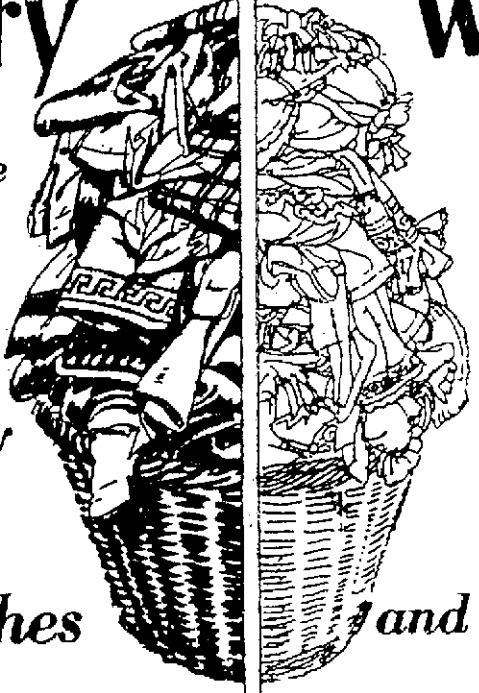

Reports of a number of committees named at the last meeting, will be received in addition to reports of the various standing committees. An effort is being made to have a large attendance at the meeting.

Don't Worry

...about the thorough washing of your every day clothes

Don't Worry

...about the gentle handling of your fine silks and laces

At last—a clothes washer that takes care of delicate silks, laces, etc., exactly as well as it takes care of heavier articles!

Its name?—The Graybar Two-Speed Clothes Washer!

As the name indicates, it embodies a new principle—two speeds instead of one!

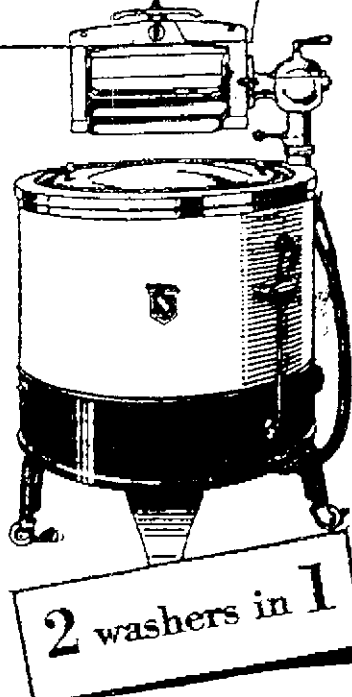

Its slow speed washes all articles of a delicate nature with a new gentleness. Its fast speed washes heavier

every-day things with a new thoroughness.

Everybody in town is asking to see this extraordinary new feature!

P. S. Don't fail to notice this washer's unusual tank. Made of fine white porcelain enamel, protected from injury, it is miraculously easy to clean. And not only that, but it's self-emptying, too!

Service Star Legion Seeks New Members

Mothers, Wives and Sisters Are Being Asked To Join Organization

There is a special opportunity being afforded the mothers, wives and sisters of men who saw service during

the World War to join the Service Star Legion this week and assist in accomplishing an even greater work than this excellent organization has been doing here for ex-service men and their families ever since its organization following the war.

The mothers, wives and sisters of the service men in being banded together in the Service Star Legion have an opportunity of not only perpetuating the memory of the deeds of those male members of their family who saw service during the World War but also doing a much needed work for those service men who are still living and are in need of assistance from time to time.

Like the G. A. R. Ladies who were organized to assist the work of and for the veterans of the Civil War the Service Star Legion has a great future before it in the years to come and because of the fact that membership is limited to relatives of the soldiers and sailors of the World War it is an honor to belong and something that every person may not have.

Those wishing to join should get in touch with Mrs. John LaRue of New Castle R. D. 9 or any present member of the organization.

NOBLES! — NOBLES!

New Castle Man Covers 12 Miles In River Swim

Sets Time Of Four Hours
And Five Minutes For
Distance

FAILS TO ARRIVE AT INTENDED GOAL

Battling against rough waters and an adverse wind Joseph Frankovich, New Castle amateur swimmer, succeeded in swimming 12 miles down the Ohio river yesterday in four hours and five minutes, but failed by one mile of reaching the goal towards which he was striving.

Frankovich's intention was to swim to Midland from Rochester, where he entered the water. The distance is 13 miles.

At 12:31 p. m. daylight saving time, the local swimmer leaped into the water at Rochester. It was just four hours and a few minutes later that he was pulled from the water 12 miles below where he had started.

This morning Frankovich said that the heavy sea-ward in the river proved too much for him. His right arm had been troubling him during his last hour in the water but nevertheless he kept this from bringing an end to the swim at numerous times.

Then the sea-ward began to interfere and with both his right arm aching and his feet tangled in the mucous strings of the river it was necessary for him to give up. His chums on the trip, Fred Schuler, Jr., William Smith and Steve Kalata, pulled him into the boat exactly at 4:26 p. m.

Frankovich said the water seemed warm, probably because he was coated with grease. The weather was good.

Frankovich, while not succeeding in making the goal knows that his time for the distance he did cover was good. He is an active member of the Falcon athletic association in this city.

SEVENTH WARD NEWS

Presbyterians To Picnic Wednesday

Change Has Been Made In Place;
Other News Notes Of
Seventh Ward

Plans are well under way for the annual picnic of the Sunday school and congregation of the Mahoning Presbyterian church. The event will be on Wednesday. The picnic is being held at the Petersburg grove. To reach this place go to Petersburg, O., and turn to the right; the grove is about a mile from Petersburg on the Middletown road.

It is a basket picnic. Bring well filled baskets, dishes and silver. The dinner will be at 6 o'clock daylight saving time. The ladies of the church are in charge of the arrangements for the dinner.

Two p. m. daylight saving time is the time set for the people to meet at the church to go to the picnic grounds. All persons driving cars are asked to call the transportation committee and tell them how many they are taking and if they can take any extra persons. Also all persons having no way to go are to call some member of this committee. Also all persons having no way to go are to call some member of this committee.

This is necessary so that the transportation committee can provide a way for all to get to the picnic grove. Those who cannot go at 2 o'clock there will be a way they may go later if they call this committee.

Transportation committee—A. R. Morris, Dr. E. L. Vincent, Harold Guy, Paul Wilkison.

Sports committee—C. A. Patterson, Dr. L. W. Hamilton, Arthur Guy, Herbert Smith, Miss Mae Park, Miss Margaret Guy.

The general committee is comprised of P. W. Wallace, Mrs. F. W. Guy, Mrs. W. C. Patterson, C. B. Farver, R. P. Horchler.

PRESBYTERIAN CHURCH
No mid-week prayer service in the church Wednesday evening on account of the church picnic.

The monthly meeting of the S. C. W. Bible class taught by Mrs. L. A. More will be held Thursday evening at the home of Mrs. A. R. Morris on W. Clayton street.

G. I. A. LODGE
There will be no meeting of the Grand International auxiliary to Brotherhood of Locomotive Engineers on Thursday of this week. At the last meeting of the auxiliary in June it was decided to discontinue lodge meetings during the months of July and August.

PLANNING PICNIC
The committee of the Madison Avenue Christian church in charge of the annual picnic is working on plans for the event. As yet no date has been set or place decided upon for the event.

CHRISTIAN CHURCH
Tuesday afternoon, Bible classes taught by Mrs. W. W. Wald and Mrs. J. M. Bevan will picnic at Cottage Grove.

Wednesday afternoon at 2:30 the Ladies Aid society will have its month-

ly meeting at the home of Mrs. Agnes Clark of Sunny Side.

The Loyal Women's Bible class taught by Mrs. W. W. Wald will have a picnic dinner Thursday evening at the home of Mr. and Mrs. Stewart Hunt in Harlansburg, Pa. Class members will meet at the church at an hour which will be announced later.

IMPROVING SLOWLY
Donnell Jones, son of Mr. and Mrs. E. M. Jones of Sunny Side, who has been in the Allegheny General hospital at Pittsburgh, Pa., the past several weeks, is improving slowly. Some time ago Donnell broke his arm and the fracture did not heal like it should. He will probably be in the hospital for several more weeks.

RETURNS HOME.
Mrs. Harry Pickens returned to her home at Emsworth, Pa., after visiting for some time with Mrs. C. E. Dungan of Newell avenue.

B. W. R. CLUB.
The B. W. R. club will have their picnic Tuesday evening at Cascade Park. This picnic will take the place of the regular monthly meeting of the club.

Committee in charge of the arrangements for the picnic event, Mrs. Wm. Ellegass, Mrs. John Wilson, Mrs. Grant Stokely, Mrs. C. E. Hutton, Mrs. Harry Good.

C. H. U. M. CLUB.
Members of the C. H. U. M. club are planning to have a breakfast at Cascade Park, Wednesday morning.

PENNA.-BO. LODGE.
Penna.-Bo. Lodge to Brotherhood of Locomotive Firemen and Engineers will have their lodge meeting Wednesday afternoon in the Woodman hall.

MABEL WILSON LODGE.
Mabel Wilson Lodge Number 567 to Brotherhood of Railroad Trainmen will have their semi-monthly lodge meeting Thursday evening in the Knights of Malta hall.

FAMILY PICNIC.
Members of the George Hettner family had a picnic last Thursday on the Thompson farm on the Enon Valley road. Thirty were in attendance. A picnic dinner and supper was enjoyed out of doors.

REV. WATKINS PREACHES
Rev. Benjamin Watkins, superintendent of the City Rescue Mission preached at the morning church service Sunday in the Mahoning Presbyterian church. Preaching an interesting sermon from Matthew on the subject, "What Think Ye of Christ?"

Rev. Watkins preached at the local church in the absence of the pastor, Rev. D. C. Schnebly.

BOARD MEETING
The official board of the Madison Avenue Christian church had a business meeting Sunday. The meeting being held following the morning church service. Business of the congregation was discussed during the meeting.

MISSIONARY SOCIETY
Tuesday evening the Home and Foreign Missionary of the Mahoning M. E. will have their monthly joint meeting in the church parlor. The meeting is at 8 o'clock. The Foreign society will be in charge.

PLANNING TRIP
Mr. and Mrs. J. A. Waddell and son Jack of N. Liberty street expect to leave Wednesday morning via motor for Yellowstone National Park, Wyoming.

KNIGHTS OF PYTHIAS
Amazon lodge, Knights of Pythias will have their lodge meeting this evening in the K. of P. hall on East Cherry street.

VISIT HERE
Mr. and Mrs. James Pearson of Greenville, Pa., visited on Sunday at the home of Mr. and Mrs. J. G. Fisher of W. Madison avenue. Returning home Sunday evening they were accompanied by Marjorie Fisher, daughter of Mr. and Mrs. J. C. Fisher.

**Girl Scouts Are
Now Registering
For Camp Season**

This week Girl Scouts planning to go to camp the last two weeks of August are to register at Girl Scout Headquarters in the Y. W. building Monday, Tuesday, Wednesday, Friday between the hours 10-12 in the morning and 2 until 4 in the afternoon. Saturday the hours are 10 to 1 o'clock. The Girl Scouts will have a camp session of two weeks the last of August at the Y. M. C. A. camp. Registration for camp is to be made as soon as possible. The final date for making registration is July 25.

**Mayor Will See
Steamer Launched**

Mayor William E. Gillespie will leave New Castle tonight for Newport News, Va., where on Wednesday he will witness the ceremonies in connection with the launching of the "Pennsylvania," new steamship of the Panama Line.

Mr. Gillespie will return to New Castle shortly after the boat is launched.

Pennsylvania Pays \$237,576,472.03 Tax

(Special To The News)
WASHINGTON, D. C., July 8.—Corporations and individuals of Pennsylvania paid into the federal treasury as income tax during the fiscal year ended June 30 the sum of \$7,966,407 less than in the fiscal year of 1928, according to a statement made public today by the bureau of internal revenue.

Income tax paid into the treasury by individuals and business organizations of the state during the fiscal year just ended amounted to \$203,981,505.24, as compared with a total of \$215,937,912.70 received by the federal treasury from the state during the fiscal year ended June 30, 1928, the report reveals.

The total internal revenue receipts from Pennsylvania for the year just closed amounted to \$237,576,472.03, miscellaneous taxes totaling \$28,594,966.407 less than in the fiscal year of 1928, according to a statement made public today by the bureau of internal revenue.

Pennsylvania's internal revenue total ranks fourth in size among the states of the nation. New York is first with a total of \$843,312,795.34, North Carolina second with \$254,494,907.85, and Illinois third with \$238,249,311.90.

At the office of United States Marshall J. C. McGeehan, through whom clerks of the court receive their wages, it was understood that the appropriation for salaries was temporarily exhausted and replenishments were being awaited from Washington.

Firemen Save Sixty In Boston Blaze

(International News Service)
BOSTON, July 8.—Firemen carried 60 trapped men, women and children to safety down fire escapes today as fire swept an eight family house in west end.

An investigation into the cause of the fire was ordered.

10,000 Small Pieces In Wooden Table

(International News Service)
DETROIT, July 8.—A table constructed of 10,000 small pieces of wood gathered from all parts of the world, was displayed here during the recent convention of the Disabled American Veterans of the World War.

The unique table was the work of George L. Hathaway of Dayton, O., who constructed it during his convalescence following the war. The table is known as the "American Good Will Table."

HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

The Story Of The World War
55—The Modern Battlefield

THE DEVELOPMENT OF TRENCH FIGHTING GREATLY CHANGED THE PHYSICAL ASPECT OF WAR. GONE WERE THE BRIGHT UNIFORMS, THE BEATING DRUMS AND FLUTTERING FLAGS. A MODERN BATTLEFIELD PRESENTED A STRANGELY DESERTED APPEARANCE, THOUGH THOUSANDS OF MEN OCCUPIED THE SCARCELY VISIBLE TRENCHES CLOSE AT HAND. A FEW SKULKING MEN AND AN AIRPLANE DRONING HIGH OVERHEAD MIGHT BE THE ONLY SIGNS OF LIFE.

BETWEEN THE OPPOSING LINES LAY "NO MAN'S LAND", A DESOLATE, SHELL-SWEPT WASTE—PITTED AND FURROWED WITH SHELL-HOLES, STREWN WITH SHATTERED TREES, DEMOLISHED BUILDINGS AND BODIES OF MEN—MUTE, GRIM EVIDENCE OF THE HAVOC WROUGHT BY WAR.

HEAVY ARTILLERYMEN IN EMPLACEMENTS FAR BEHIND THE FRONT LINE HURLED SHELLS AT TARGETS THEY SELDOM OR NEVER SAW, THEIR FIRE DIRECTED BY FIELD TELEPHONE FROM OBSERVATION POSTS THAT COMMANDED A VIEW OF THE ENEMY.

RELIEF TROOPS, FOOD AND MUNITIONS CAME UP FROM THE REAR TO THE FRONT LINE THROUGH DEEP AND NARROW "COMMUNICATION TRENCHES" THAT FOLLOWED A ZIGZAG COURSE SO THAT THEY MIGHT NOT BE EXPOSED TO AN ENFILADING FIRE FROM THE ENEMY.

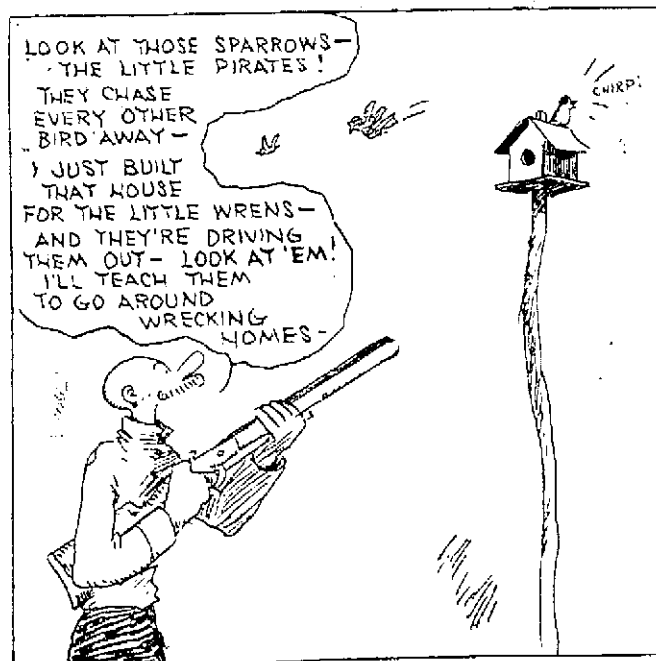

TODAY—CHANGING METHODS OF WARFARE.

WHEN TO BE NONCHALANT

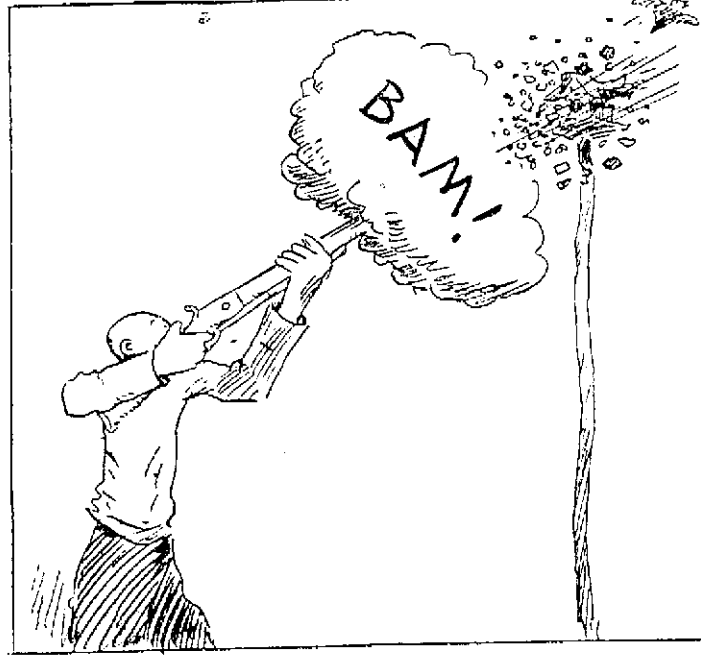

When the sunburn victims you have slapped on the back discover you have just come back from your vacation at the beach.

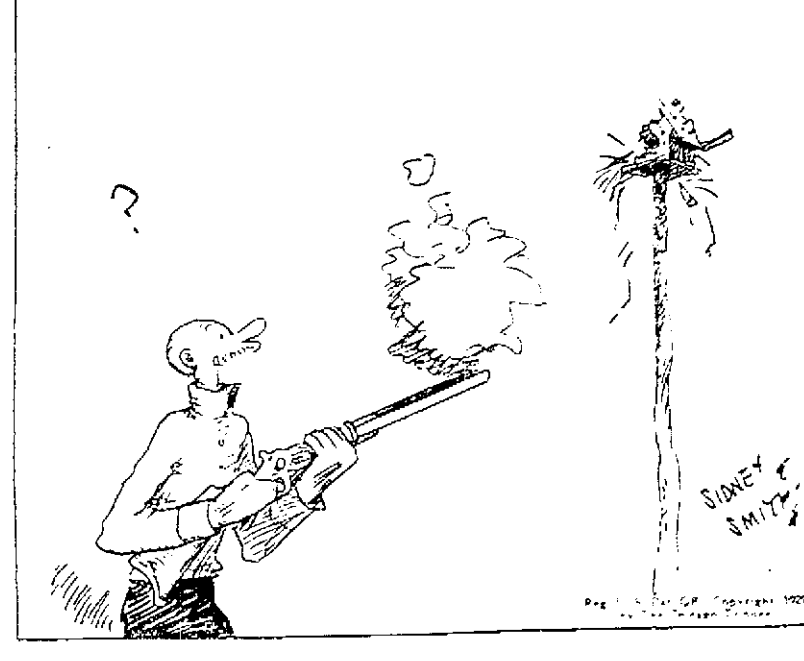

THE GUMPS—

LOOK AT THOSE SPARROWS—THE LITTLE PIRATES! THEY CHASE EVERY OTHER BIRD AWAY— I JUST BUILT THAT HOUSE FOR THE LITTLE WRENS— AND THEY'RE DRIVING THEM OUT— LOOK AT 'EM! I'LL TEACH THEM TO GO AROUND WRECKING HOMES

Garland Winner In Saturday Sweepstake

Some Close Scoring Is Reported At The Field Club On Saturday

R. M. Garland was the winner of the 18-hole medal play event Saturday afternoon in the course of the New Castle Field club in which there was a large field of entrants. He won the event by turning in a low net score of 77 in the first division group. Some excellent scoring featured the day's event.

R. L. Wallace was the winner in the second division with a low net score of 75.

The players' gross scores, handicaps and net scores were as follows:

First Division.

G.	H.	N.
R. M. Garland	84	77
G. D. Preston	89	78
M. R. Gifford	81	78
T. F. Morehead	81	79
Dr. E. M. Pacheco	85	80

Second Division.

First Christians

Are Beaten 4 To 3

Simmons Is Effective In Pinches And Drives Out Two-Base Hit

First Congregational defeated the First Christians 4 to 3 on the Pennsylvania railroad grounds, Saturday afternoon.

The First Congregational scored three runs in the second, a fourth and winning run in the sixth and the rally in the seventh which netted the First Christians a trio of tallies was not sufficient to tie the score.

Simmons and Sheets indulged in a pitching duel. Sheets struck out 10 and Simmons seven. Simmons was effective in the pinches and helped to win with a double. Only three errors were made. In addition to Simmons, doubles were turned in by Sheets, McConaghey and Ryan.

The box score:

Club	AB	R	H	O	A	E
First Christians	25	3	10	10	0	0
First Congregational	25	4	10	10	0	0

Score by innings:

California Sends Another Star

MARJORIE GLADMAN
A NEW TENNIS STAR FROM CALIFORNIA

By JACK SORDS
Sports Cartoonist Writer for Central Press.

Another California tennis star blazes in the sport skies already well lighted by such net luminaries from the big coastal state as Helen Wills, Helen Jacobs, Edith Cross, Mary K. Browne, May Sutton Bundy and others.

She is Midge Gladman, born Marjorie. Midge is a 19-year-old sophomore at the University of Southern California and in the last two years she has rocketed to national tennis fame. Her rise has been so rapid that now she is in the seat for a seat for the Wightman Cup team and the national championship tournaments which will be held in that capital of tennis, Forest Hills, L. I.

The name of Gladman first broke across the nation's sport pages two years ago when she won the junior national title. Now she is seventh ranking women player of the United States.

The rise of Miss Gladman really began last summer when she toured the east, middle west and Canada, participating in 11 important tournaments and bagging six singles and helping to win four doubles titles.

These triumphs made the young California star singles and doubles champion of Canada, western singles and doubles queen, singles winner in the tri-state meet at Cincinnati, and one of the eastern doubles champs, shaving with Mrs. Charlotte Chapin.

Not only will the brilliant young Californian try for a place with the Wightman Cup team and for honors in the national meet, but she is also entered in the historic Seabright tourney. It will be remembered that she went all the way to the finals in this tourney last year, being at last defeated by Miss Helen Jacobs.

O'Learys, Dick and Tom will soon arrive at Conneaut as will Russ Haymaker, a heavyweight.

During the afternoon yesterday Eddie Conrad, one of Dunn's performers put on an exhibition in swimming and diving while Goodman and Rohanna rowed across the lake. The strenuous rowing will toughen the two fighters and help them get in shape.

George Rohanna, welterweight who upset the dope in Erie by lacing Billy Edwards, has returned to Philadelphia for a week's visit with his parents. Emmett Rocco, heavyweight has not yet joined the Conneaut aggregation.

Fritz Otto, the German heavyweight, accompanied by Jimmie Dime and Bobby Latera will be at Wheeling tonight. The German is matched to fight Eddie Mack. He has been training under Dime for the contest.

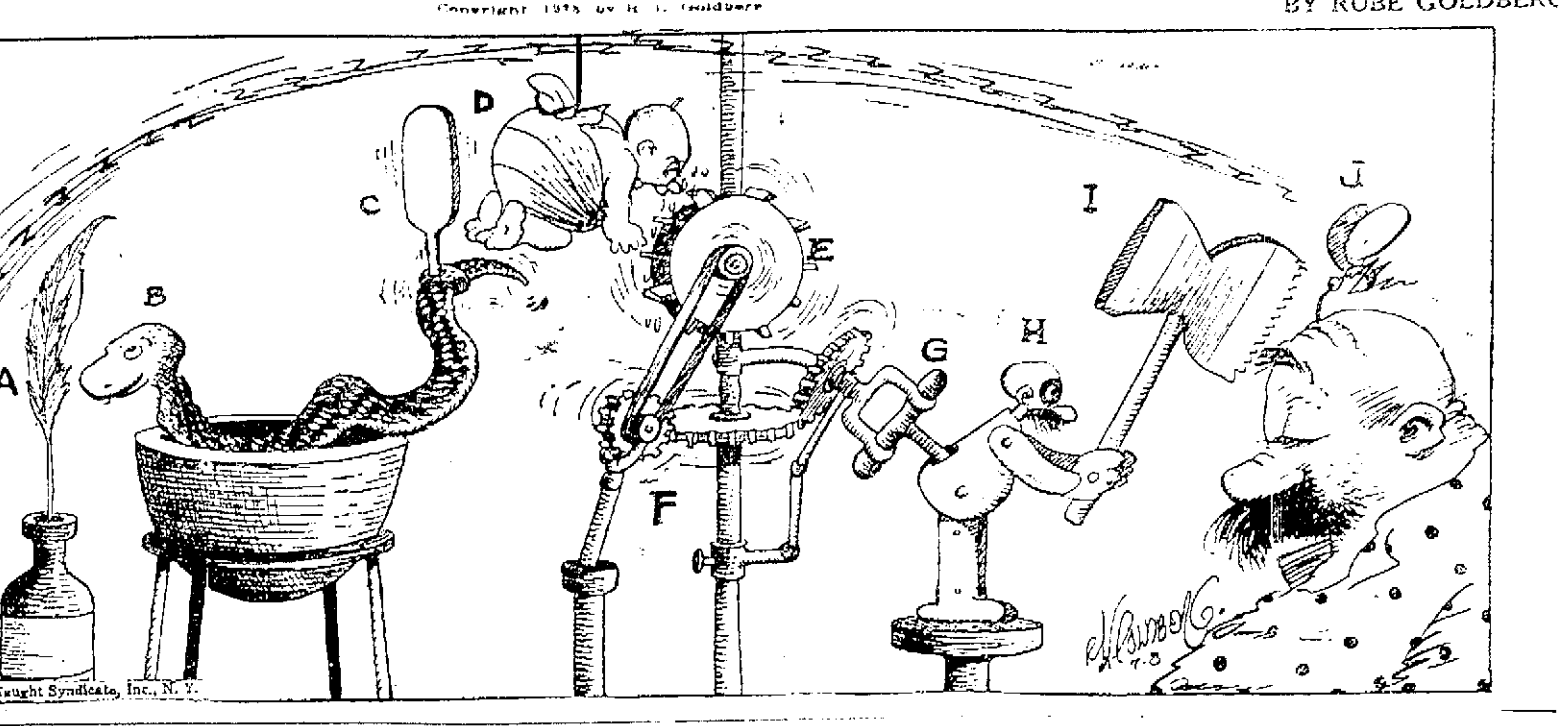

Louie Carpentiero the flashy Filipino and Charley George, his trainer, passed through New Castle, Saturday enroute to Johnston, where Carpentiero boxes Willie Davies. Their car broke down and they put the machine in a garage here.

Tonight at Pittsburgh Tony Herrera and Phil Goldstein will decide which is the better fighter. The first bout ended in a foul. The boxing commission assigned tonight as the time for them to fight it out and local fans pick Herrera to defeat Goldstein.

POLO TEAM LOSES
(International News Service)
NEW YORK, N. Y., July 8.—Tommy Hitchcock is wondering today why his team can't win polo matches.

For yesterday he lost again on Sands Point field, 7 to 5, to Earl Hop-ping's Roslyn quartet before a crowd of 1,500.

Frank Rio has left the Willoughby, O., camp which Dunn maintains and is located at the Conneaut cottage. Frank recently turned in a victory over U. S. Carpenter. The two

Frankovich Fails After 11 1-2 Miles

Becomes Entangled In River Weeds And Gives Up Swim

CRAMPS AFFECT HIS LEG AND ARM

Joseph Frankovich, who attempted to swim 15 miles in the Ohio river yesterday, was taken from the water after he had swam 11 1-2 miles in four hours and six minutes. He became entangled in scragrass and this forced the New Castle swimmer to give up the attempt.

Frankovich dove into the Ohio at Rochester at 12:21:15 p. m. Sunday and received his second wind after swimming 15 minutes.

The waves were rough and the swimming was difficult, but he could only use the crawl stroke.

After being in the water 25 minutes Frankovich felt fine, but the water was so rough it rocked an accompanying rowboat.

The boat was so hard to handle the swimmer got away from it at times for a distance of 25 yards.

Shortly after Frankovich dove into the water Fred Schuler, who was in the rowboat, dove in and accompanied Frankovich for 38 minutes.

The water, made swimming decidedly difficult and they were forced to hug a route 80 feet from the shore.

After being in the water 55 minutes Frankovich was asked how he felt and replied "fine".

The swim of six miles to lock No. 6 was made in one hour and 45 minutes.

After being in the water three hours Frankovich felt a cramp coming on, but "kicked out" of it.

After swimming three hours and 15 minutes his right arm went bad, but he continued to swim and was going good at 3:25 p. m.

At 4:26 p. m. Frankovich struck seaweed and was tangled up and couldn't move and gave up the swim.

He had covered 11 1-2 miles in four hours and six minutes.

Steve Kalata snapped pictures of the swimmer, while John Bablarz and William Smith were in the boat.

Fred Schuler at times accompanied him in the water.

WRESTLERS READY

(International News Service)
BOSTON, July 8.—Gus Sonnenberg, heavyweight wrestling champion of the world, and Ed "Strangler" Lewis, ex-champion and challenger, today had concluded training for their bout here tomorrow night. Both wrestlers were pronounced in tiptop condition.

MISSING HIS SHOT

"Are you the boy who threw the stone at me?"

"Did it hit you?"

"No."

Athletics And Yanks Trimmed

Both Leaders In American League Are Trounced On Sunday

BABE RUTH BALKED IN HOME RUN PLAN

By HENRY McLEMORE
International News Service Staff Correspondent

NEW YORK, N. Y., July 8.—The celebrated worm is turned. The Athletics were knocking their teeth when they discovered that they could manage to win when the Yankees won but could also manage to lose when their rivals lost.

Now is the Yanks time for a little gnashing on the side. Yesterday Chicago took Philadelphia for their second ride in as many days but all New York could do about was to be taken for a ride by St. Louis. It doesn't take the little boy on the front row to figure out that nothing can be gained in that manner. The Yank-Brown affair was featured by pitcher Alvin Crowder sustaining a fracture of the left forearm when struck by Bill Dickey's sizzling liner. Crowder will be out several weeks.

Babe Ruth, who has always had a liking for the St. Louis park found his

City-County League Meeting Tonight

A meeting of the City-County League for the purpose of considering a number of matters of the utmost importance to the organization, has been called for this evening at 7:30. The meeting will be held in Dandelion Hall and every team captain as well as the commissioners of the league are expected to be in attendance.

Action will be taken on the admission of one or more teams into the league for the balance of the season as well as other matters of importance to the organization.

Stop FOR THE GAS THAT Stops Knocks!

Girl Graduates From Stanford At Seventeen

Will Return To School Next Year To Take Post-Graduate Work For Career

WAS CHILD PRODIGY AT TENDER AGE OF 3

SAN FRANCISCO, July 8.—School isn't over yet for Miss Betty Ford, 17-year-old San Francisco girl, who today claims the distinction of being the youngest ever to graduate from Stanford University.

She has her degree in her spending but six years in school, three at the University and three in the high school departments of two private schools.

A prodigy since babyhood, Miss Ford, an attractive athletic girl, plans to return to Stanford next term for post-graduate work. Then a literary career with a try for the great American novel.

Betty, the only child of Dr. and Mrs. Campbell Ford, attracted the attention of Professor Lewis I. Terman, noted Stanford psychologist, when she was only 7 years old.

Always Smart

Since then she has virtually been a laboratory specimen, and, figuratively, under the microscope of learned professors.

Here are high-lights in her remarkable career:

At 7 months, she walked; at 9 months talked and knew the alphabet.

She read easily at the age of 3 without instruction, and when 7 she had read 750 books and had a vocabulary of 13,000 words.

Played the violin the first time she had one in her hands; mastered the piano as a child, and pounded a typewriter when 6 years old.

Until she was 11 Betty had no formal schooling—her parents turned her loose in a well-stocked library. At 14 she was graduated from the Anna Head School in Berkeley, and passed entrance examinations for Stanford.

In Stanford her course had been broadened to include plenty of science. She reads and writes German, French and Spanish as fluently as English.

Had Pleasures

Betty completed the usual four-year course in three.

But she did not sacrifice the pleasures of college life for academic honors. Popular with classmates, she excelled in swimming, dancing and tennis. And she draws, paints and illustrates with a professional touch. In literature, she has attracted attention as a writer of verse and fiction.

As to a career, that's for Betty to decide.

Her parents have adopted a "hand-off" policy.

Her individual genius will find their direction alone, is their conviction.

Lay Sidewalk On College Campus

Work Of Beautifying Westminster Campus Is Now Under Way

NEW (Special To The News) WILMINGTON, July 8.—Work on the building of the new Westminster college campus here received added impetus with the beginning of the installation of the campus sidewalks. New men were hired and the work of laying the concrete has now been started.

This work along with the grading and leveling of the campus is a part of the beautification plans which promise to give Westminster one of the prettiest physical outlays in the country.

One of the most novel programs ever to be initiated in the college town is the installation of three horseshoe pitching courts here. The courts are being built according to official regulations, and poles, wires and lamps have been put in to illuminate the playing grounds.

The activity has come from the efforts of the members of the volunteer fire company and it will provide a source of recreation to a great number of New Wilmington residents.

No curfew hour has yet been initiated by the officials so that it is possible for horseshoe enthusiasts to play even into the early hours of the morning. However, it is hoped that this new activity does not annoy the wives of the town.

A meeting of the Happy Hour society of the Presbyterian church is scheduled at the home of Mrs. Jane Osborne this evening. Mrs. P. F. Varian and Mrs. Frank Hoadland are to be joint hostesses.

A reception for Mrs. William Hamwell, recent bride, was held at the home of Mr. and Mrs. J. W. Hartwell, parents of the groom, Saturday afternoon. The reception was very successful and very well attended by many of the young ladies of the town.

Mr. and Mrs. William G. Green have moved into their home here and intend to reside in New Wilmington.

Mr. and Mrs. Reed Anderson of Pittsburgh have moved to New Wilmington and live on East Neshamock avenue.

Mrs. G. E. Thompson is visiting relatives in Butler and Pittsburgh for a few weeks this summer.

Mrs. J. G. McKelvey of Lagomer is visiting here with her parents, Mr. and Mrs. J. Klump.

Mrs. Eleanor Lafferty and daughter are now visiting friends in Vicksburg.

Miss Jean Boyd returned to her home here Sunday after spending several weeks in Pittsburgh where she was employed at Kaufmann's store.

Mr. and Mrs. McCorkle of Pittsburgh spent Sunday here on a visit at the home of Mrs. J. H. Boyd.

First Love Still Holds

Not many actresses get the chance to turn down the figures on the contract which was offered Ethel Barrymore to appear in a talkie movie. She said she did not like her first appearance in the silent films some years ago and thinks the talkies are terrible, although film experts say that her voice is ideal. She'll stick to her first love—the stage.

(International Newsweek)

Strangles Lover; Burns The Body Confesses To Crime

Farmer's Daughter Says Her Aged Lover Was Cruel

TOULON, Ill., July 8.—Six-foot, 230-pound Laura Weaver, 21-year-old daughter of a wealthy retired farmer, today was a prisoner in the Stark county jail charged with the murder of her middle-aged lover Wilmer T. Kilselman whom she confessed she strangled with his own belt and then burned the body drenched with naphtha.

She killed Kilselman who was 52 because he was drunk and cruel she said. The slaying took place in their apartment over the Yellow Goose, a resort in Woodstock, Ill., on Sunday morning June 30 while other folk in the quiet village were attending church services.

Miss Weaver said she tied the body with fish line, wrapped it in a patch-work bed quilt, dumped it in the back of her automobile and drove 50 miles to a lonely spot west of Annawan in Henry county where she soaked it with naphtha and left it blazing in a ditch.

Her individual genius will find their direction alone, is their conviction.

Mysterious Case Is Again Revived

Jones Home On Albert Street Is Again Scene Of Mysterious Attack

One of the still unsolved mysteries on which the police have been called upon to investigate on numerous occasions, bobbed up again last night.

At frequent intervals in the past few years, there have been missiles thrown through the various first and second floor windows of the home of Frank Jones, 2306 Albert street. On one occasion, the missile thrown through a second floor window just missed seriously injuring the sleeping innocent little children of Mr. and Mrs. Jones.

Last night at 12:30 o'clock, a gas-pipe valve was thrown through a window at the landing on the stairway from the first to the second floor and an Officer Lockard, answering the call, was unable to locate any person in the vicinity, who might have thrown the missile.

Detective Logan today as on former occasions made a detailed thorough investigation and there has yet to be found a reason for this repeated mysterious attack on the Jones home. The family knows of no enemies that might have been incurred in any manner.

The family would certainly appreciate it, if their mysterious enemy would cease his attentions to them.

MAN WANTED FOR CHECK JOB, GONE

The third man wanted in the passing of bogus checks on the New Castle Corder & Cement Block company has left town, it was stated at the police station this morning.

His room was vacated by Detective C. C. Logan and among other things, found there was a sample case evidently used by a salesman of the Central Petroleum company, containing numerous samples of oil. It is possible that this may have belonged to some person other than the man sought in connection with the check case and the owner can have same by proving property.

BOY SHOPLIFTERS CAUGHT BY POLICE

On Saturday, Detective C. G. Logan, on answering a call to a Five and Ten Cent company store took two boys, nine and ten years of age, into custody after they had been caught picking up various articles in the store. They returned the goods and as the company did not care to prosecute the boys, they were released after being given a good lecture.

Driver Is Held In Woman's Death

PITTSBURGH, July 8.—Joseph Adams, 21, today was held for a coroner's inquest into the death of Mrs. Theresa Klawns, 65, after she was struck by a machine said to have been driven by Adams.

The woman walked in front of the machine, Mrs. Thomas Gross, who made the police examination, said.

The blind juke serving in a Philadelphia court is no novelty. Many a court has jurors who were dumb as well as blind. The Worcester Evening Gazette.

Y. M. C. A. Boys Camp To Start On Tuesday

Tuesday morning 40 boys will four-ney to the Y. M. C. A. boys summer camp two miles beyond Harlanburg where they will spend the coming two weeks swimming, playing, hiking, and enjoying the Y camp program.

In charge of the camp will be Henry MacNicholas, active physical director of the Y, and William Thomas, boys work director.

This first group of boys will remain at the camp until July 25 and then a second group of boys numbering about 40, will attend the camp until August 7.

Following the regular camp periods, 25 underprivileged boys from the Soloto street neighborhood will have the opportunity to spend a week in camp. Churches and private donors have contributed the funds for this cause.

The boys will receive the regular camping program during that week. Work on the camp has been going on for the past week and today everything is completed for the incoming of the boys.

A new dining tower has been constructed, the cook house has been re-
